**BACKGROUND:**

On July 26, 1989, the Dallas City Council established Planned Development district No. 317 by Ordinance No.20395. Ordinance No. 20395 amended Ordinance Nos. 10962 and 19455, Chapters 51 and 51A of the Dallas City Code, as amended. Subsequently, Ordinance No. 20395 was amended by Ordinance No. 20822, passed by the Dallas City Council on November 28, 1990; Ordinance No. 22003, passed by the Dallas City Council on March 23, 1994; Ordinance No. 23144, passed by the Dallas City Council on May 28, 1997; Ordinance No. 23379, passed by the Dallas City Council on December 10, 1997; Ordinance No. 23470, passed by the Dallas City Council on March 25, 1998; Ordinance No. 23921, passed by the Dallas City Council on June 23, 1999; Ordinance No. 24014, passed by the Dallas City Council on September 8, 1999; Ordinance No. 24017, passed by the Dallas City Council on September 8, 1999; Ordinance No. 24124, passed by the Dallas City Council on December 8, 1999; Ordinance No. 24430, passed by the Dallas City Council on October 25, 2000; and Ordinance No. 24503, passed by the Dallas City Council on January 24, 2001. (Ord. Nos. 10962; 19455; 20395; 20822; 22003; 23144; 23379; 23470; 23921; 24014; 24017; 24124; 24430; 24503; 24826; 31773)

**REQUEST DETAILS:**

The applicant is requesting relief for the street facing frontage requirement along Gould Street and McKee Street. The street facing façade frontage of the structure is required to be within the minimum (five feet) and maximum (eight feet) front yard setback for 70 percent of the lot width. The property is currently undeveloped, and the applicant intends to construct a single family residence.

As reflected on the site plan:

- Gould Street
  - 38% (19 feet of 50 feet) of the street facing façade is to be located within the required front yard.
- McKee Street
  - 68% (34 feet of 50 feet) of the street facing façade is to be located within the required front yard.
- Site constraints:
  - 30 feet visibility triangle required at the intersection of Gould Street and McKee Street prevents construction of the structure within the min./max. front yard setback area located within the visibility triangle.

Per SEC. 51P-317.120(b)(4)(A)(v) the city plan commission may approve a site plan that deviates from required street frontage by following the public notice procedure with a public hearing as per minor amendments to development plans if:

M223-032(DM)

(I) strict compliance with street frontage requirements are impractical due to site constraints or would result in substantial hardship;

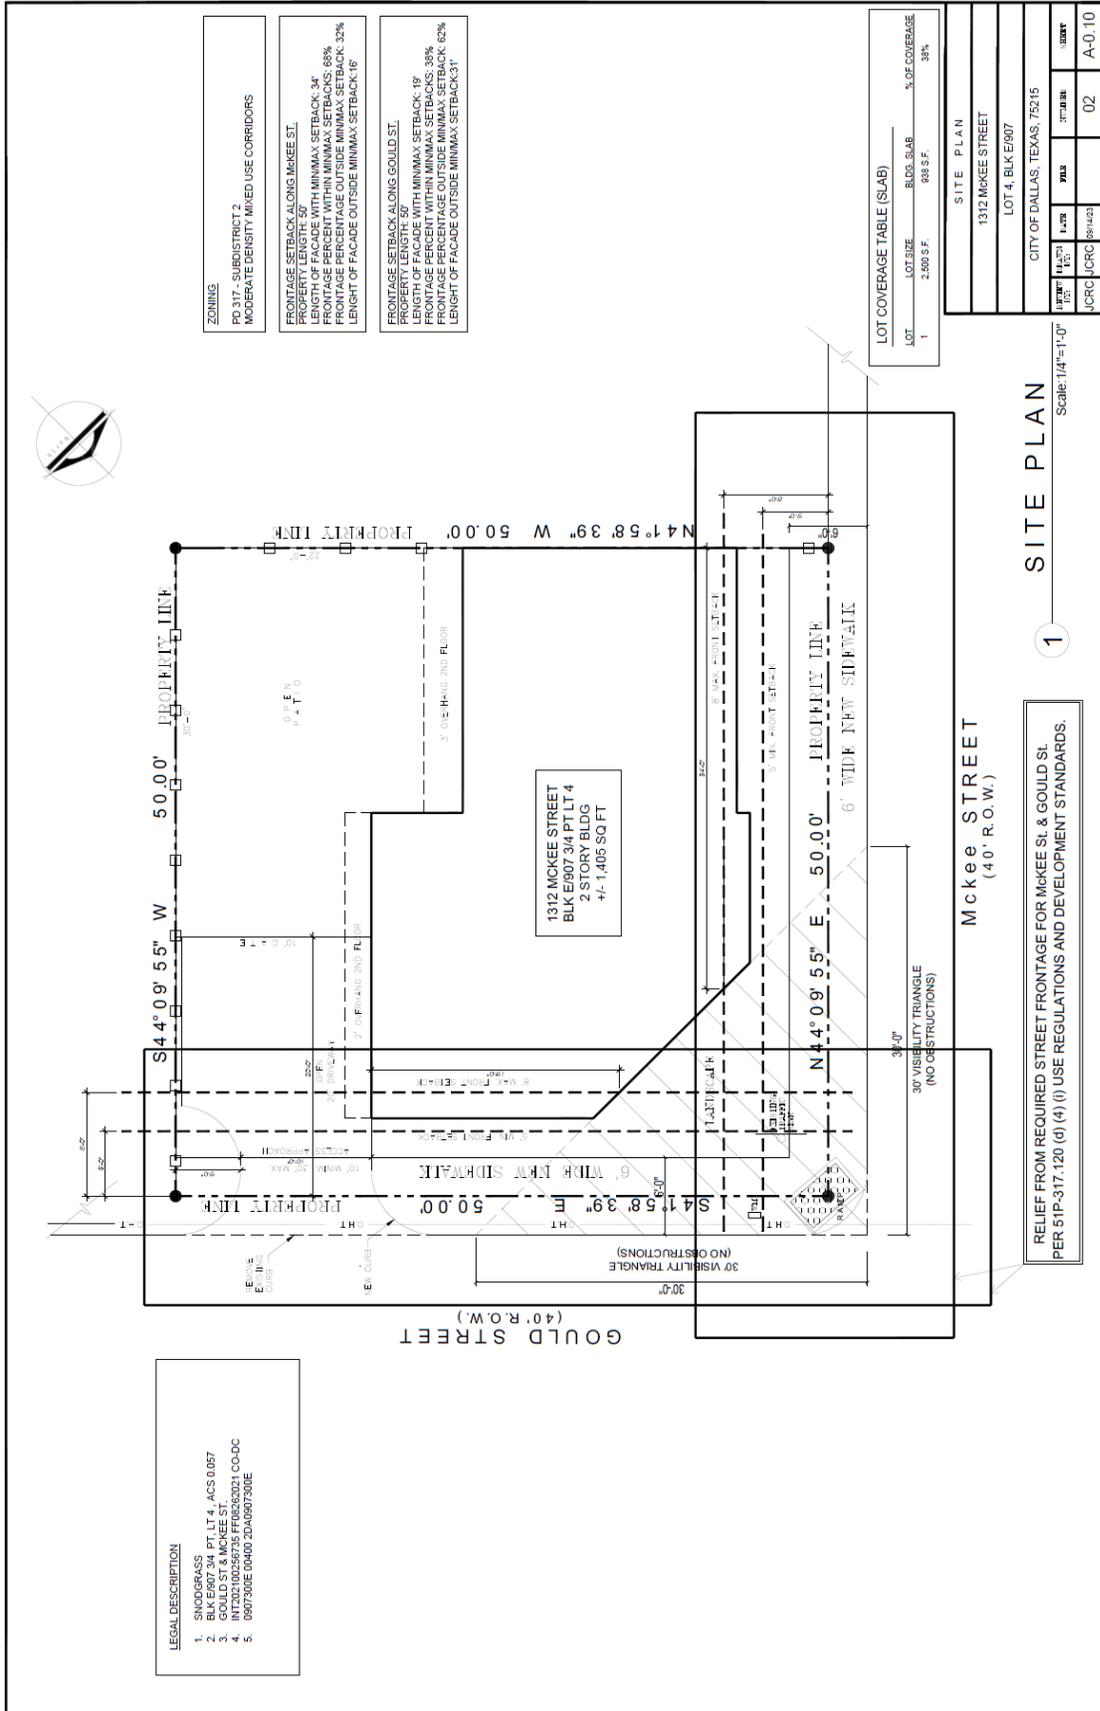

(II) the variation or exception from the street frontage requirements will not adversely affect surrounding properties; and

(III) the site plan furthers the stated purpose in 51P-317.120(b)(1).

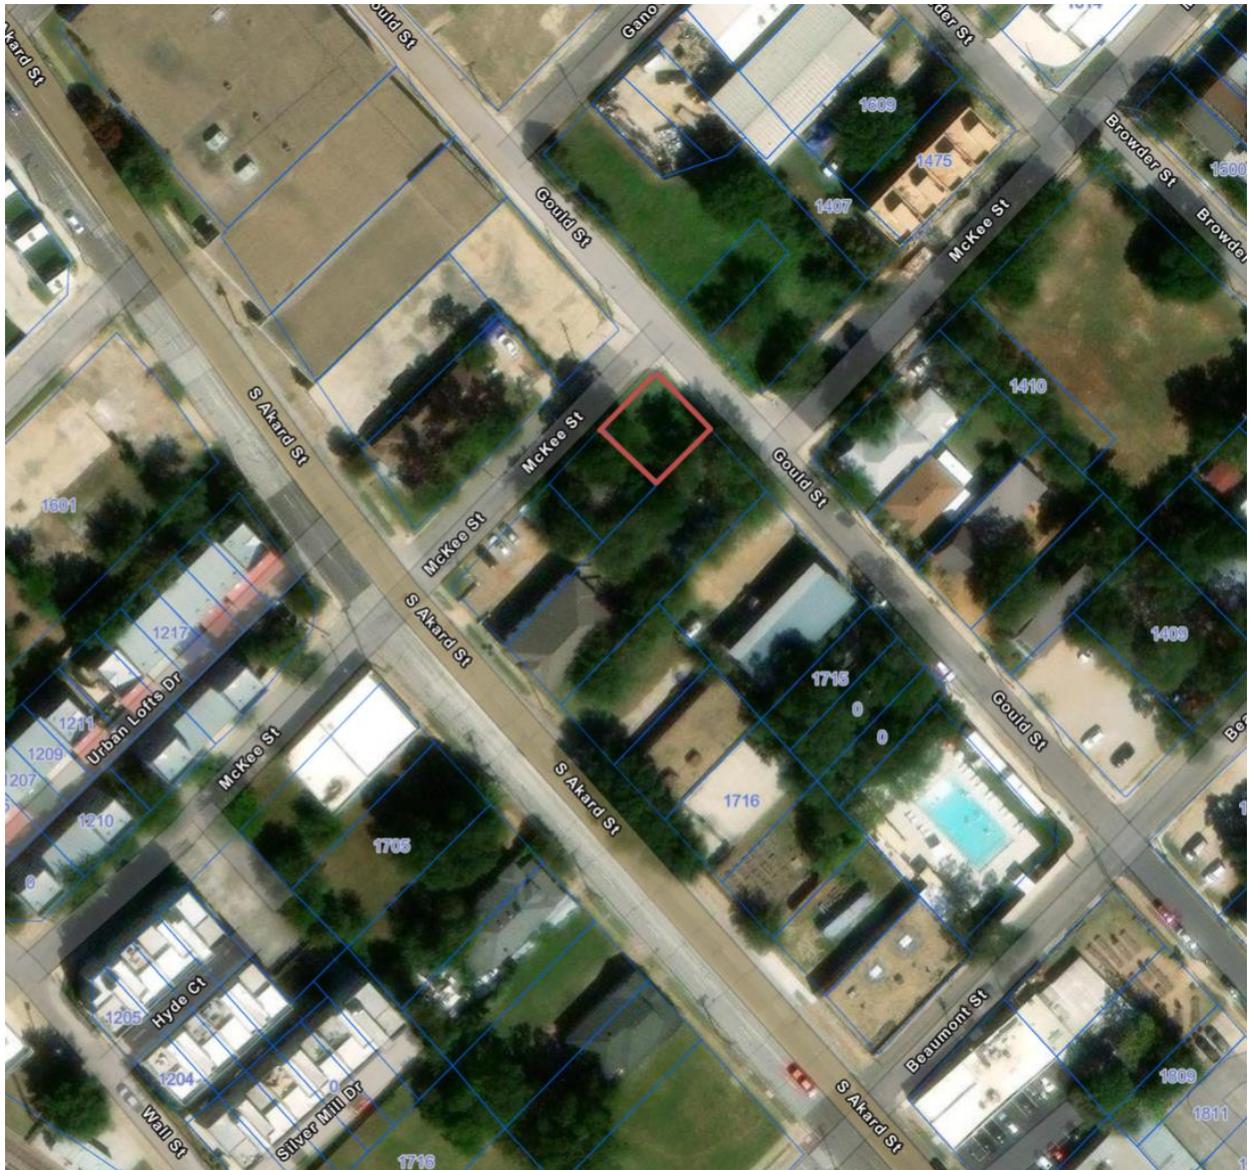

- (1) Purpose. To encourage the development of moderate-density office, lodging, retail, and residential uses in compatible combinations along the main street corridors that serve the Cedars Area Special Purpose District; to encourage development that supports increased pedestrian and bicycle use; and to encourage the preservation of structures with historic value.

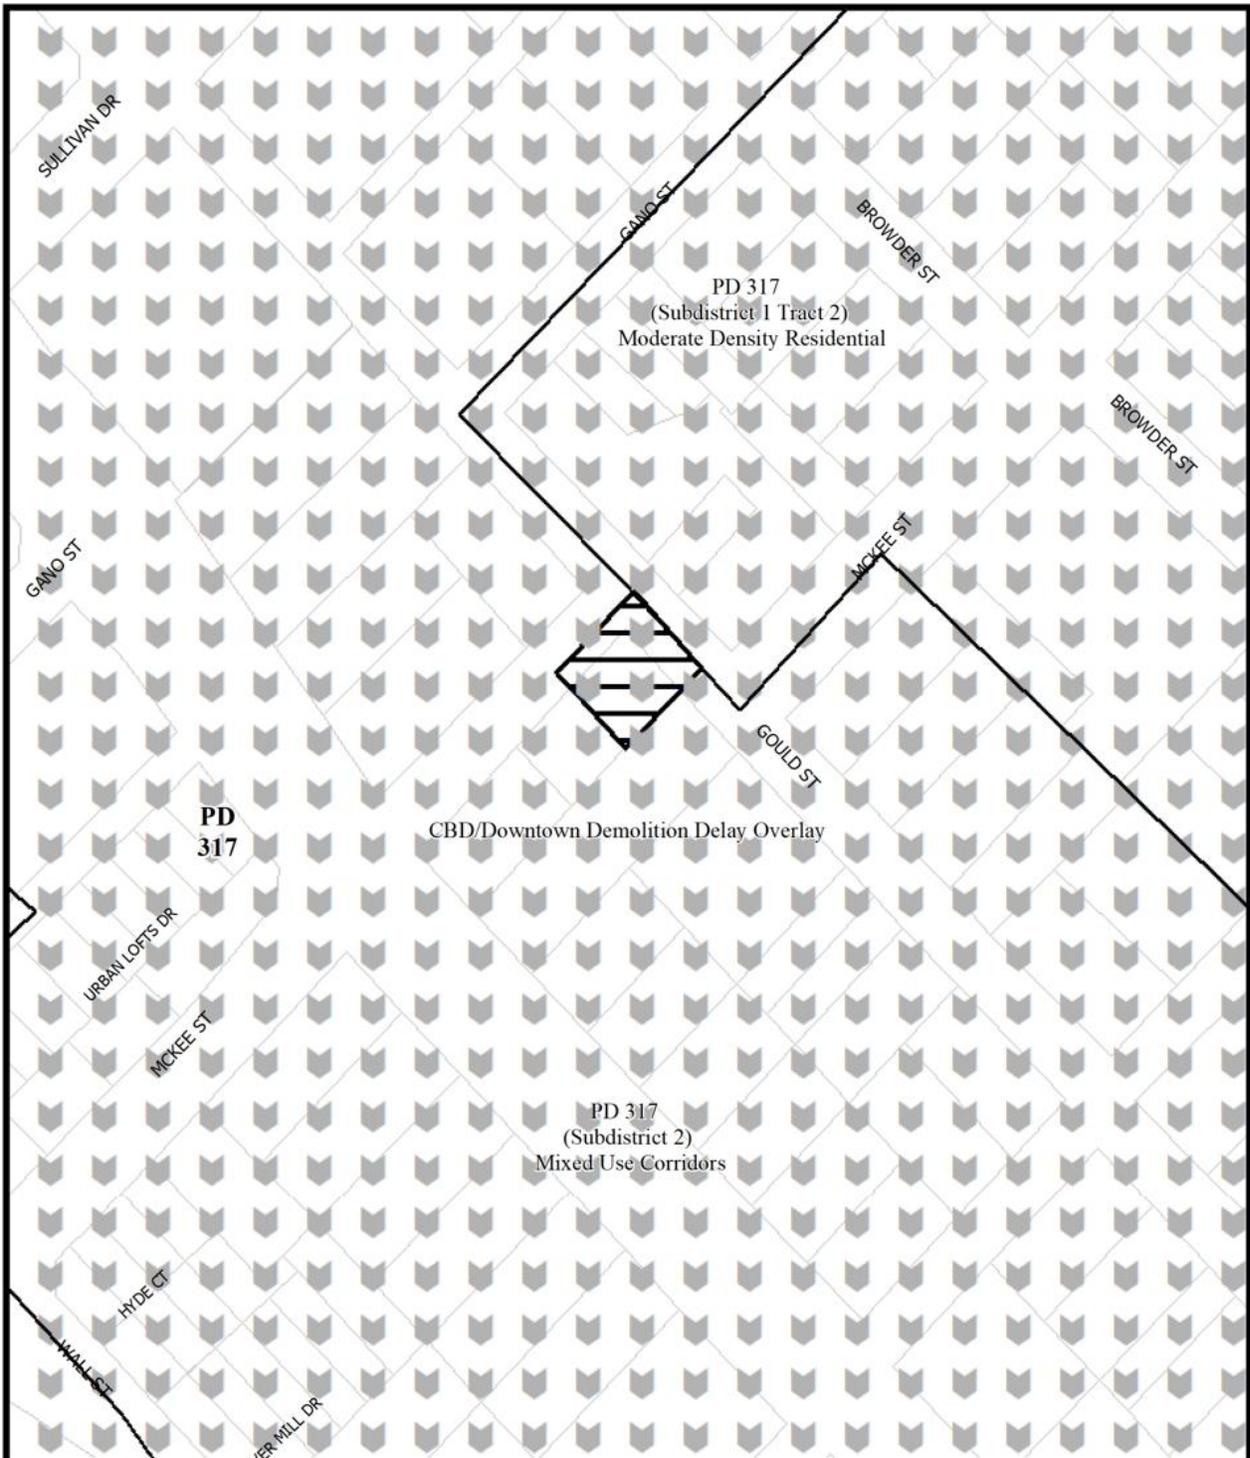

This is not a change in zoning request and no changes to the existing zoning standards can be considered. The only purpose of this hearing is to determine if the site plan along Gould Street and McKee Street meets the standards established for approving street facing frontage requirement relief.

**PROPOSED SITE PLAN**
