DATE February 9, 2023

TO Honorable Chair and Members of the Workforce, Education and Equity Committee

SUBJECT **Upcoming Office of Community Care and Office of Procurement Services
Agenda Item Related to Senior Dental Program – February 22, 2023**

On February 22, 2023, the following Office of Procurement Services item will be considered by City Council:

File ID: 22-403: Authorize a one-year service contract in the amount of \$250,000, with two one-year renewal options in a total amount of \$500,000, as detailed in the Fiscal Information section, for dental health services for seniors 60 years of age and older residing in the City for the Office of Community Care – Texas A&M University Health Science Center dba Texas A&M University College of Dentistry, only proposer - Not to exceed \$750,000 - Financing: General Fund (subject to annual appropriations)

Background

This service contract provides for dental health services for seniors 60 years of age and older residing in the City for the Office of Community Care. Texas A&M University Health Science Center dba Texas A&M University College of Dentistry is contracted to provide clinical dental care services, including exams, cleanings, fluoride treatment, sealants, fillings, extractions, root canals, treatment for infections, oral health education, and partial and full dentures to seniors under the Clinical Dental Care Services Program, in the amount of \$250,000.00.

Medicare does not typically cover dental care services for seniors. The Senior Affairs Commission strongly advocates for senior dental care as low-income and fixed income seniors are often unable to afford private dental care. Providers of dental services to low-income seniors state that they frequently encounter patients who have not been seen by a dentist in many years, resulting in severe dental disease. The Senior Dental Program is likely the only option for many Dallas seniors.

The lack of proper dental care can lead to other health issues and advancing age puts our senior residents at risk for oral health conditions. In addition to dental health, dental care appointments provide an opportunity to identify signs of other health issues in patients such as high blood pressure, diabetes and heart disease. In cases like these, the Clinical Dental Care Services Program provider, Texas A&M College of Dentistry (TAMCOD), refers patients for low-cost medical services near the dental clinics.

TAMCOD's mission is to improve the oral health of Texans and shape the future of dentistry by (1) Developing exemplary clinicians, educators, and scientists; (2) Caring for

Procurement

The City of Dallas Office of Community Care (OCC) sought qualified entities through a Request for Competitive Sealed Proposal (RFCSP) process, to provide clinical dental health services to low/moderate-income seniors aged 60 and older.

The Evaluation Committee selected the successful respondent on the basis of demonstrated competence and qualifications under the following criteria:

- Program evaluation 45 points
- Organizational capacity 30 points
- Budget and Cost 25 points

The City of Dallas only received one proposal for this solicitation.
