REQUEST: An application for an amendment to Specific Use Permit No. 2415 for a motor vehicle fueling station on property zoned an NS(A) Neighborhood Service District.

SUMMARY: The purpose of the request is to allow the fueling station to continue operating within the multi-tenant retail center.

STAFF RECOMMENDATION: Approval for a five-year period with eligibility for automatic renewal for additional five-year periods, subject to amended conditions.

BACKGROUND INFORMATION:

- On May 12, 2021, City Council granted SUP No. 2415 for a motor vehicle fueling station use for an initial two-year period. This application was filed on December 22, 2022, before the SUP expired on March 12, 2023. Construction and Convenience Store Registration requirements delayed the zoning case since June 2023.
- The area of request is zoned an NS(A) Neighborhood Service District and is currently developed with one structure with three suites: two general merchandise or food store 3,500 square feet or less uses and a dry cleaner or laundry store use.
- The general merchandise or food store and the dry cleaner or laundry store uses are allowed by right in the NS(A) District; however, the motor vehicle fueling station use is allowed by SUP only.

Zoning History: There have been no zoning requests in the vicinity in the past five years.

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system. Further review will be conducted when permits are requested for future development.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 and outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

URBAN DESIGN ELEMENT

GOAL 5.2 STRENGTHEN COMMUNITY AND NEIGHBORHOOD IDENTITY

Policy 5.2.4 Enhance retail, industrial, and business operations.

Land Use:

	Zoning	Land Use
Site	NS(A)	General merchandise or food store less than 3,500 sf; dry cleaner or laundry store
Northeast	CR with D Overlay, R-5(A)	Auto service center and undeveloped
Southeast	NS(A)	Multifamily
South	NS(A)	Undeveloped
West	CR	Vacant general merchandise or food store greater than 3,500 sf
Northwest	CR	Undeveloped

Land Use Compatibility:

The area of request is zoned an NS(A) Neighborhood Service District and is currently developed with one structure with three suites: two general merchandise or food store 3,500 square feet or less uses and a dry cleaner or laundry store use. The applicant obtained an SUP in 2021 to allow the motor vehicle fueling station, which has now completed construction.

Uses surrounding the area of request include an auto service center and undeveloped property to the northeast across Kiest Boulevard, and multifamily and undeveloped property to the southeast and south. A vacant general merchandise or food store greater than 3,500 square feet and undeveloped property is to the west and northwest.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established

in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Staff is recommending a five-year period with eligibility for automatic renewal for additional five-year periods. A shorter initial time period allows staff and the surrounding property owners to evaluate compliance with the conditions and site plan and comment on the compatibility of the use. Automatic renewal is being recommended as the property is adjacent to non-residential uses, except for the non-conforming multifamily uses to the southeast, and is located on two major roadways. The applicant is proposing to satisfy required parking through a remote parking agreement. The initial short time period will also allow staff to evaluate if the remote parking is working properly.

The applicant’s request, subject to a site plan and conditions, complies with the general provisions for consideration of an SUP.

Development Standards:

<u>DISTRICT</u>	SETBACKS		Density	Height	Lot Coverage	Special Standards	PRIMARY Uses
	Front	Side/Rear					
<i>Existing:</i> NS(A) Neighborhood Service	15'	20' adjacent to res, other no min.	No max. dwg density. Max FAR = 0.5	35' for structures w/gable, hip, or gambrel roof; 30' other	40%	RPS and Visual Intrusion	Retail and personal service, office

Parking:

Parking must be provided in accordance with the Dallas Development Code, as amended.

The approximately 7,729 square foot, one-story building contains three uses: two general merchandise or food store uses and a dry cleaner or laundry store use. Both uses require a ratio of one off-street parking space for every 200 square feet of floor area. Additionally, the parking regulations establish that for a motor vehicle fueling station, a minimum of two off-street parking are required. The total parking required for the site is 41 spaces.

As depicted on the proposed site plan, a total of 18 off-street parking spaces will be provided on site. The applicant indicated the additional required parking will be provided through a remote parking agreement per the Development Code.

Landscaping:

At the time of development, landscaping must be provided in accordance with Article X of the Dallas Development Code, as amended.

Market Value Analysis

Market Value Analysis (MVA) is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets to orange, representing the weakest markets. The site is not within an MVA Category. Property to the southeast is within an “E” MVA Category, and an “I” MVA Category is across Cedar Crest Boulevard to the northwest.
