AGENDA INFORMATION SHEET**

**DATE:** November 1, 2022

**COUNCIL DISTRICT:** 9

**STAFF:** Ryan O' Connor, (214) 670-4124

**SUBJECT**

Authorize match funding for facility improvements at Winfrey Point, located at 950 East Lawther Drive – Not to exceed \$151,250.00 - Financing: 2017 Bond Funds.

**BACKGROUND**

A match funding program has been created through approved bond monies to create funding opportunities for local interest groups desiring to make improvements. The 2017 Bond Program included \$2.3 million in partnership match funding for projects throughout the City primarily focusing on park and facility improvements. There are several community groups that are currently seeking access to the remaining funds (\$545,112). In order to ensure fair and consistent practices, this policy identifies the requirements and approval authority for the matching funds policy. This policy is intended by the Dallas Park and Recreation Board to be a catalyst for Dallas Park System and would grant staff authority to solicit partnership opportunities. All proposed projects requesting funding greater than \$50,000 shall be approved by the Park and Recreation Board.

The White Rock Lake Foundation submitted an application requesting \$151,250.00 for the renovation of Winfrey Point. The renovation request consists of roof replacement, HVAC repairs, bathroom remodeling, etc.. We will need to hire an architect that is experienced with historic preservation. The restrooms should be redesigned with period accuracy. Also, we would like the large round metal ductwork to be rerun through the attic or concealed somehow but still be able to keep up with the cooling load. The lighting in the main assembly room should also be replaced with something more aesthetically pleasing and historically accurate but still be serviceable and flexible for different types of tenants. Once the floor is abated, the flooring material should be upgraded. It is anticipated that the work would be performed by in-house Facilities staff and outside contractors.

The total estimated cost of the project is \$365,269.00. This estimate includes escalation and design fees.

**PRIOR ACTION/ REVIEW (COUNCIL, BOARDS, COMMISSIONS)**

On May 19, 2022, the Park and Recreation Board approved the Partnership Match Policy.

**SUBJECT**

Authorize a public hearing to be held on December 14, 2022, pursuant to Chapter 26 of the Texas Parks and Wildlife Code, to receive comments, and Council action, on the proposed use of a portion of Forest Cliff Park, located at 5100 Duncanville Road, totaling approximately 50 square feet of land, for the installation of an outdoor warning siren by the Office of Emergency Management, to provide warning siren system coverage for the benefit of the public — Financing: No cost consideration to the City

**BACKGROUND**

The City of Dallas owns municipal parkland known as Forest Cliff Park (approximately 9.1 acres) located at 5100 Duncanville Road in southwest Dallas.

In 2016 the Office of Emergency Management (OEM) conducted a sound survey to ensure a minimum of seventy decibels of outdoor warning siren system coverage throughout the City. The result identified twenty-seven locations for enhanced coverage. One of the locations identified was at the intersection of Duncanville Rd and Ranchero Ln. OEM requests that they be permitted to install an outdoor warning siren approximately ten feet inside the park boundary in the southeast corner of the park and to connection to electric power in the street right-of-way (Exhibit A). OEM will be responsible for all construction costs, maintenance, and ongoing utility costs associated with the outdoor warning siren.

The outdoor warning siren's impact on the park is expected to be minimal. OEM has agreed to permit any park use up to the outdoor warning siren and, upon abandonment of the outdoor warning siren at some future date, to promptly remove the outdoor warning siren and appurtenances, subject to appropriation, at which time the land will revert to parkland. Furthermore, OEM has agreed to remove the siren and restore the site, at no expense to the Park and Recreation Department, subject to appropriation, should the Director of Park and Recreation determine that there is a need, in the Director's sole judgement—the Director has the discretion to provide another location within the parkland.

Authorize a public hearing to be held on December 14, 2022, pursuant to Chapter 26 of the Texas Parks and Wildlife Code, to receive comments, and Council action, on the proposed use of a portion of Forest Cliff Park, located at 5100 Duncanville Rd, totaling approximately 50 square feet of land, for the installation of an outdoor warning siren by the Office of Emergency Management, to provide warning siren system coverage for the benefit of the public — Financing: No cost consideration to the City.  
– page 2

In compliance with the law, the City must determine that there is a need, that there is no feasible and prudent alternative, and that all reasonable care will be taken not to damage the remainder of the park property and to mitigate any disruption of park services.

In accordance with the Texas Parks and Wildlife Code, Chapter 26 (Sections 26.001 through 26.004) the City Council must advertise and hold a public hearing on the change of use of parkland.
