**REPRESENTATIVE:** Michael Westfall, P.E., Westfall Engineering

**OWNER:** Cornerstone Christian Church

**APPLICANT:** 3Hunnid Fitness

**REQUEST:** An application for a NS(A) Neighborhood Service District with deed restrictions volunteered by the applicant, and a Specific Use Permit for a private recreation center, club, or area use on property zoned an R-7.5(A) Single Family District.

**SUMMARY:** The purpose of this request is to allow for a personal service use and a private recreation center, club, or area use on the site [3Hunnid Fitness].

**STAFF RECOMMENDATION:** **Approval** of an NS(A) Neighborhood Service District; and **approval** of a Specific Use Permit for a four-year period, subject to a site plan, landscape plan, and conditions.

**CPC RECOMMENDATION:** **Approval** of an NS(A) Neighborhood Service District subject to deed restrictions volunteered by the applicant; and **approval** of a Specific Use Permit for a four-year period, subject to a site plan, landscape plan, and conditions.

**BACKGROUND INFORMATION:**

- The area of request is currently undeveloped and consists of approximately 4.43 acres.
- The applicant proposes to develop the site with a recreational facility. The two proposed members-only sport courts are considered under the private recreation center, club, or area use. The indoor fitness center is classified as a personal service use.
- To develop the property with the proposed combination of uses, the applicant is requesting a general zoning change to an NS(A) Neighborhood Service District that allows the personal service use by right and the private recreation center, club, or area use subject to a Specific Use Permit. A request for an SUP for private recreation center, club, or area is also included with this request.
- Since the previous hearing the applicant has submitted deed restrictions to restrict against industrial uses, any and all cemetery and mausoleum uses, any and all motor vehicle fueling station uses, any and all utility and public service uses, and any and all wholesale, distribution, and storage uses. However, the deed restrictions volunteered are still under review.
- The applicant has added a condition restricting lighting types on the ball field.

**Zoning History:**

There have not been any zoning changes in the surrounding area in the past five years.

**Thoroughfares/Streets:**

Thoroughfare/Street	Type	Existing ROW
Camp Wisdom Road	Principal Arterial	107 feet

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006, outlining several goals and policies which serve as a framework for assisting in evaluating the applicant's request. The request complies with the following land use goals and policies of the Comprehensive Plan:

**LAND USE ELEMENT**

**Policy 1.1.2** Focus on Southern Sector development opportunities.

**ECONOMIC ELEMENT**

**GOAL 2.2** ENGAGE IN STRATEGIC ECONOMIC DEVELOPMENT

**Policy 2.2.3** Attract desired development to the UNT campus area.

**GOAL 2.4** CREATE AND MAINTAIN AN ENVIRONMENT FRIENDLY TO BUSINESSES AND ENTREPRENEURS

**Policy 2.4.2** Restore Dallas as the premier city for conducting business within the region.

**URBAN DESIGN**

**GOAL 5.3** ESTABLISH WALK-TO CONVENIENCE

**Policy 5.3.1** Encourage a balance of land uses within walking distance of each other.

**Surrounding Land Use(s):**

	<b>Zoning</b>	<b>Land Use</b>
<b>Site</b>	R-7.5(A)	Undeveloped
<b>North</b>	PD 49 Tract 2	Natural Area
<b>East</b>	R-7.5(A)	Child Care Facility
<b>South</b>	R-7.5(A) with SUP No. 885 for a Private Recreation Club or Area	Agricultural, Private Recreation Club or Area
<b>West</b>	R-5(A)	Detention Pond

**Land Use Compatibility:**

The approximate 4.42-acre-site is currently undeveloped. The property is zoned an R-7.5(A) Single Family District. The site has one access point from Camp Wisdom Road.

Located north of the property is a large undeveloped parcel. To the west is a detention pond for a single-family subdivision. South and east of the site are agricultural estates.

The proposed NS(A) Neighborhood Service District is appropriate along main corridors, such as Camp Wisdom Road. The NS(A) District would provide compatible retail and personal service uses within walking distance of area homes while providing a buffer for the neighborhood from the higher speed roadway. North of the site is Planned Development District No. 49 Tract II and Tract I. These properties are currently undeveloped, but would allow office and retail uses, which would, if developed, remain compatible with the subject site's proposed NS(A) and SUP.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

In general, the applicant's request is consistent with the existing zoning, the general provisions for a Specific Use Permit, and is not foreseen to have a negative impact on the surrounding properties, due to the limitations of the SUP conditions and site plan, and the limited uses allowed in the NS(A) District base.

**Development Standards**

DISTRICT	SETBACKS		Height	FAR	Lot Coverage	PRIMARY Uses
	Front	Side/Rear				
<b>Existing:</b> R-7.5(A)	25'	5' For single family structures 10' for others	30'	No Max	45%	Single Family
<b>Proposed:</b> NS(A)	15' (Blockface continuity to match 25')	0' 20' adj Residential	35' RPS applies	0.5	40%	Personal Service Uses, Office

The proposed SUP site plan complies with the development standards of the NS(A) District. The site plan calls for a one-story building generally located on the eastern half of the property, with parking located to the north and east of the primary structure. This structure would be situated well outside of the required front, side, and rear yards required by the NS(A) District. To the west of the recreation center facility would be the athletic field. This field would be separated from the residential subdivision to the west by an additional 150 feet.

The requested NS(A) District requires additional setbacks which would separate any development from adjacent property by 20 feet at a minimum. The NS(A) District limits height to 35 feet in addition to residential proximity slope, which combined will keep development on the property in scale with nearby residential properties.

Staff recommends approval for a four-year period, based on the potential benefit of recreation space and the compatibility of the development with surrounding properties. The four-year time period would allow time for construction of the new business while allowing for review of the use to ensure operations, once begun, are compatible with the surrounding area. The application of a site plan allows for increased oversight than would typically be allowed under the NS(A) District.

**Parking:**

Pursuant to the Dallas Development Code, off-street parking and loading must be provided in accordance with Division 51A-4.200 for each use.

The parking requirement for private recreation centers, clubs, or areas is typically three spaces per game court, and one space per 150 square feet of additional building area. The applicant is proposing two game courts and a 3,900-square-foot facility. This requires 32 spaces total. The SUP site plan indicates the inclusion of 34 total spaces.

**Landscaping:**

Landscaping must be provided in accordance with the landscaping requirements in Article X, as amended. Tree preservation is also required in accordance with Article X. The proposed landscape plan is compliant with Article X and additionally proposes the preservation of several existing trees.

**Market Value Analysis:**

Market Value Analysis (MVA) is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets to orange, representing the weakest markets. The area of request Site is not within an identifiable MVA Category; however, it is in proximity to a “F” MVA Cluster to the west.
