

Memorandum

CITY OF DALLAS

DATE May 23, 2022

Honorable Members of the City Council Housing and Homelessness Committee: Casey Thomas II (Chair), Jesse Moreno (Vice Chair), Carolyn King Arnold, Paula Blackmon, Cara Mendelsohn, Paul Ridley, Jaynie Schultz

SUBJECT **Department of Housing Performance Measure Update**

The Department of Housing & Neighborhood Revitalization (Housing) reports project pipelines and accomplishments to the Housing and Homelessness Solutions (HHS) Committee on a monthly basis. This memo will summarize accomplishments that occurred in April 2022. Detailed reports of the program pipeline are attached.

Development

Housing developed estimated projections in November 2021 using the existing pipeline, making estimates based on the developments that were anticipated to begin or complete construction, and estimates on applications based on available funding and historic applications. As a whole, Housing's development programs are on track to reaching the goals proposed.

Housing has already met its projections for units approved by City Council, with 2,519 units added to the pipeline compared to the initially projected 2,412. A large proportion of these units were the 9% Low-Income Housing Tax Credit (LIHTC) developments approved by City Council to move on to the State's competitive process. Not all of these developments are anticipated to move forward into development, though some are seeking support from other City programs as they work through the State's process. The Dallas Public Facility Corporation (DPFC) has also contributed significantly to this measure after Housing received applications for 3,366 units in December 2021. Housing will bring two developments requesting funding, four developments requesting Land Transfer lots, and one DPFC project to City Council in May and June 2022.

Developers have started construction on 1,592 units out of Housing's projection of 2,474. This measure is on track to reaching its goals. Most of the units permitted so far have been through the Mixed Income Housing Development Bonus (MIHDB), which has already exceeded its projections this year. The remaining units projected include LIHTC projects and the 1,000 Unit Affordable Housing Challenge. These developments are still undergoing predevelopment reviews.

Construction has completed on 947 units compared to November's projection of 1,983, the largest number of units completed in one year since Housing reopened its programs in 2018. Housing anticipates nearing or reaching this goal. Most of the projected completions came from six MIHDB projects with anticipated completion this fiscal year.

DATE May 23, 2022
SUBJECT **Department of Housing Performance Measure Update**

Three of those projects have received their final certificate of occupancy (CO) and the rest are expected to complete construction later in the fiscal year. Staff also expected completion of the three multi-family developments approved in 2019. Palladium Redbird received its CO and is 100% occupied. Estates at Shiloh and the Galbraith (2400 Bryan) have both received temporary COs and should fully complete construction by the end of the fiscal year.

Repair

The HHS Committee has expressed concerns over whether Housing will meet the November projections for home repair. These projections were estimated optimistically considering home repairs already in the pipeline, funding availability, and existing program guidelines.

Staff has completed initial qualification of 109 households so far this fiscal year, on track to meet its goal of 166 applications. This stage of the program involves Housing staff's initial review of documents, retrieving additional documentation from other parties such as title documents, and the initial inspection. Additionally, staff have committed 100% of funds available to Home Improvement and Preservation Program (HIPP) to this year's applicants. While the overall repair measures are on target, the program most struggling to meet its projections in this metric is the West Dallas Targeted Repair Program (TRP), as fewer residents than anticipated have applied for the program. Staff recently sent a second mailing to over 2,000 homeowners to bring new applicants into the program.

Staff has closed on 30 agreements this fiscal year with another 137 that have been qualified and have begun predevelopment processes, on track to near reaching Housing's projected 183 agreements. This metric includes final review, the bidding process, legal document drafting, review, signature, and final pre-development tasks before contractors are offered the notice to proceed with construction. At this point, HIPP is on track to reach its goal of 30 closings this fiscal year, but other programs are lagging as staff experienced delays with a lack of qualified applicants in the West Dallas TRP and the Healthy Homes Lead Reduction program.

31 of 255 projected homes have been completed so far this fiscal year. This measure was estimated using the existing pipeline at the start of the fiscal year under the assumption that many of the homes approved this fiscal year would also be completed. It is the culmination of other process measures, impacted by the speed and success at which those goals are met. While housing is no longer on track to reach this measure's projections by the end of the fiscal year due to the delays mentioned in the processes above and delays among contractors due to COVID, staffing shortages, and supply chain issues, Housing does project to complete 170 home repairs across all programs by the end of the fiscal year. In November 2021, staff would not have been able to anticipate basic construction materials such as windows taking six months to be delivered to the construction site.

DATE May 23, 2022
SUBJECT **Department of Housing Performance Measure Update**

A detailed Friday Memo to City Council on March 4, 2022 clarified the projections for the various home repair programs, and more details for each program are included below:

- *Home Improvement and Preservation Program (HIPP)*: 15 homes have been completed under the HIPP program with 45 under construction and 42 in predevelopment processes. Housing estimated 80 homes would be completed this fiscal year. While this measure is at risk, this will be the most homes completed in one year since the launch of the program even despite the delays.
- *West Dallas Targeted Repair Program*: 12 homes have been completed with 11 under construction and 49 in predevelopment processes. Staff estimated 100 homes would be completed this fiscal year. It is unlikely staff will meet this goal due to the lack of applicants, but staff is implementing a new marketing plan to bring new applicants in the coming months.
- *Tenth Street Targeted Repair Program*: No homes have reached the stages of the pipeline presented in the attachments, but the first homes are currently with Historic Preservation for review for a Certificate of Appropriateness. Staff estimated 14 would be completed this year. Pending the launch of the American Rescue Plan Act (ARPA) Neighborhood Revitalization Program outreach, staff will be able to provide a more hands-on approach so the department can better serve households in the neighborhood.
- *Healthy Homes Lead Reduction (HHLR)*: Nine homes are in predevelopment processes while staff estimated 30 would be completed this year. The 20 multi-family units proposed for this program are currently in eligibility review.
- *Dallas Tomorrow Fund (DTF)*: Four homes have been completed under DTF with three under construction and 37 in predevelopment processes. Staff projected 30 repairs would be completed this year. These repairs are smaller, quicker to complete, and use a dedicated contractor, so this program is still on track to meet its projections.
- *ARPA Neighborhood Revitalization Program*: As a potential program, this was not included in any estimates made in November 2021. Housing has hired the first of two staff members to run this program and will be looking to launch the application this fiscal year.

DHAP

The Dallas Homebuyer Assistance Program (DHAP) is progressing much faster this year due to recent changes in the Comprehensive Housing Policy (CHP) allowing for more competitive loan terms and requirements.

So far this year, 22 applicants have been prequalified for the program compared to staff's projected 25 prequalifications. This estimate is higher than anticipated closings due to a significant number of interested households not finding a home that qualifies, opting to move forward without the program, or cancelling for other reasons. This metric is well on track to meeting its goal. Staff attended four community outreach events in April 2022. Additionally, as some of the single-family Notice of Funding Availability (NOFA)

DATE May 23, 2022
SUBJECT **Department of Housing Performance Measure Update**

developments begin completing construction, 32 homes will be required to be sold to DHAP participants, which will likely generate more applications.

With the new changes to the CHP allowing more flexibility, staff has already closed on 12 down payment assistance loans, surpassing its goal of ten loans based on historic trends since the launch of the CHP. More funding is available as additional development projects reach completion or if other qualified residents are seeking assistance.

Other

In April 2022, Dallas issued new construction permits on 853 new housing units for a total of 5,838 new units. This fiscal year to date, 1,592 units supported by Housing have received a permit, meaning that 27% of housing units permitted in Dallas so far this year have received support from Housing programs.

Staff began tracking this measure last fiscal year, ending FY 21-22 with almost 20% of the total number of units permitted. It is important to note that this is not all financial support. Most of the permits issued for Housing-supported projects this year have been supported through MIHDB, which provides zoning bonuses for a small affordable set-aside but are otherwise market-rate, market-supported developments. Considering costs of construction, labor, and maintenance, the current housing market does not support affordable housing on its own. If the City of Dallas wishes to make an impact on affordable housing, it must continue to produce as many units as possible through the many tools available to it.

Should you have any questions or require any additional information, please contact me or David Noguera, Director, Department of Housing & Neighborhood Revitalization at David.Noguera@DallasCityHall.com or 214-670-3619.
