**REQUEST:** An application for the termination of existing deed restrictions [Z834-110] on a property zoned Planned Development District No. 193 Oak Lawn Special Purpose District PDS 151, located on Oak Lawn Avenue south of Lemmon Avenue.

**SUMMARY:** The purpose of the request is to remove the deed restrictions due to a conflict with the underlying zoning.

**CPC RECOMMENDATION:** Approval of the termination of existing deed restrictions [Z834-110].

**STAFF RECOMMENDATION:** Approval of the termination of existing deed restrictions [Z834-110].

## **BACKGROUND INFORMATION:**

- On August 15, 1984, City Council approved Plan Development No. 180 in conjunction with volunteered deed restrictions on a property located outside Plan Development No. 180 and being a part of lots 9 and 10 in block “P” of Bowser and Lemmon’s Oak Lawn and North Dallas, according to the map recorded with Dallas County. The deed restrictions limit floor area ratio and include additional height restrictions for Track A and Track B.
- At the time when they were volunteered, the deed restrictions were placed outside the boundaries of the proposed zoning district, PD No. 180, probably being an unintended mistake. After the confirmation of the legal description included in the deed restrictions, it was discovered that they were placed on a nearby property, which is the area of the current request, outside of PD No. 180.
- On February 8, 1985, the subject site was rezoned to Planned Development District No. 193, the Oak Lawn Special Purpose District. The rezoning omitted the deed restrictions since the deed restrictions appeared to be part of PD No. 180.
- On January 22, 2020, City Council approved PDS No. 151 District within Planned Development District No. 193, the Oak Lawn Special Purpose District, that included Tracks A & B. Again, the deed restrictions were omitted since the deed restrictions showed to be part of PD No. 180.
- Since PDS No. 151 was approved by City Council, the applicant discovered the mistake in the location of the deed restrictions [Z834-110] that were incorrectly placed on the property and is now intending to clarify the zoning for the property, as approved by City Council in 2020.
- The approved PDS No. 151 allows urban mixed-use development, including an above ground parking garage, multiple family, retail, office, and restaurant uses and allows for an increase in the maximum height, increase the floor area ratio, and modify the sign regulations as follows:
  - 1 increase the floor area ratio (FAR) from 2.0:1 or 2.5:1 to 3.9:1,
  - 2 increase the maximum allowable height from 120 feet to 199 feet,
  - 3 increase front yard setbacks from 10 feet for the first 36 in height and 25 feet above 36 feet along Oak Lawn Avenue to 25 feet for the first 30 feet in height and 50 feet for any portion above 30 feet. On Lemmon Avenue, 10 feet for the first 75 feet in height and per the development plan for any portion above 75 feet,
  - 4 increase the allowable number of signs and effective area in the district and increase the maximum projection width; and
  - 5 reduce the standard for landscaping.
- The applicant is requesting the termination of the existing deed restrictions because of the conflict with the approved underlying zoning for the property and to clarify a possible unintended mistake.

**Zoning History:**

There have been two recent zoning case within the vicinity in the past five years.

1. **Z178-186:** On April 25, 2018, the City Council approved a historic building demolition delay in an area generally bound by Live Oak Street, Bryan Parkway, Matilda Street, Martel Avenue, municipal boundary of Dallas and Highland Park, Lemmon Avenue, Dallas N. Tollway, Turtle Creek Boulevard, Carlisle Street, Blackburn Street, and Haskell Avenue to Main Street, both sides of Main Street from N. Haskell to S. Carroll Avenue, Main Place, S. Prairie Avenue, Columbia Avenue, and N. Fitzhugh Avenue
2. **Z189-316:** On January 22, 2020, the City Council approved Planned Development Subdistrict No. 151, within Planned Development District No. 193, the Oak Lawn Special Purpose District. [subject site]

**Thoroughfares/Streets:**

Thoroughfare/Street	Type	Existing ROW	Required ROW
Lemmon Avenue	Principal Arterial	90'	-
Oak Lawn Avenue	Local Street	70'	-

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

**Surrounding Land Uses:**

	Zoning	Land Use
<b>Site</b>	PDD No. 193 Subdistrict No. 151	Surface parking lot
<b>Northwest</b>	PDD No. 193 (GR Subdistrict),	Restaurant, multiple family
<b>Northeast</b>	PDD No. 193 (GR Subdistrict), SUP No. 1149	Restaurant with drive through
<b>East</b>	PDD No. 193 (GR Subdistrict)	Gas station
<b>Southeast</b>	PDD No. 193 (GR Subdistrict)	Retail and office and personal service
<b>South</b>	PDD No. 193 (GR Subdistrict)	Retail and, office personal service, multifamily
<b>Southwest</b>	PDD No. 193 (GR Subdistrict)	Retail, office space
<b>West</b>	PDD No. 193 (GR Subdistrict)	Restaurant and Office

**Development Standards:**

The approximate 0.44 acres-acre site is currently being used as a parking lot. The applicant is seeking to terminate the existing deed restrictions [Z834-110] that limit the floor area ratio and height because they are inconsistent with the recently-approved rezoning of the property that enable different development standards and to clarify a possible unintended past mistake.

The deed restrictions were volunteered in conjunction with the rezoning request Z834-110, which created Development No 180. However, at that time, the volunteered deed restrictions were placed on a property located outside Plan Development No 180 and not part of the rezoning request. The City of Dallas Old Zoning Map erroneously showed the deed restrictions located within Plan Development No. 180. When Plan Development No. 193 was adopted on the property in 1985, as well as when Planned Development Subdistrict No. 151 was created in 2020 the deed restrictions were omitted. The map error was discovered by the applicant after PDS No. 151 was approved by City Council.

In 1984, at the time they were volunteered in conjunction with PD No. 180, the property were the deed restrictions were placed (probably by mistake) was developed with the Esquire Theater and a second building. Both structures no longer exist. On January 5th, 1984, it was discovered that the deed restrictions could not be applied due to ownership problems. The tax records at the time, showed that these lots were owned by someone other than the property owner for the area covered by PD No.180.

The current deed restrictions [Z834-11] limit development of the property to a floor to area ratio of 1:1 and limit the height to a maximum of 4 stories not to exceed forty-nine. The allowable height and floor to area ratio within PDS No.151 is 120 feet and a maximum floor area ratio of 2.5:1 The existing deed restrictions hinder the development rights of the site by being stricter than the current zoning PDS No.151 development regulations, as they were intended and approved by City Council in 2020, therefore preventing the development of the site as an urban mixed-use development, that includes an above ground parking garage, multiple family, retail, office, and restaurant uses. The City Plan Commission and Dallas City Council determined that the standards included in PDS No. 151 were compatible with neighboring uses in 2020 when Subdistrict 151 was approved. Furthermore, the existing deed restrictions were never applicable to Plan Development No. 180 since they were place outside the property boundaries, not they were applicable to the subject site since they were not known. Therefore, staff is supportive of the termination of the deed restrictions, as the development of the subdivision request may not be successfully implemented without the termination of the existing deed restrictions.

**Development Standards:**

District	Track A		Track B	
	Height	F.A. R	Height	F.A. R
<b>With existing Deed Restrictions PDS No. 151</b>	49'	1:1	49'	1:1 If Fee simple 1.75:1
<b>PDS No. 151</b>	120' A required front yard between 15' to 50' is required depending on height and street frontage.	2.5:1 If it meets plan development 3.9:1	120' A required front yard between 15' to 50' is required depending on height and street frontage.	2.5:1 If it meets plan development 3.9:1

The only variations of the development standards with the existing deed restrictions are the height and the floor area ratios. The development standards for PD No. 180 are not included because the existing deed restrictions are located entirely outside this zoning district. Any development must comply with the existing development regulations established by PDS No. 151 with PD No. 193.

**Parking**

According to the Dallas Development Code, off-street parking must be provided following PD No. 193 Subdistrict 151 Sec S-151.109. No parking standards are included in the deed restrictions proposed to be terminated.

**Landscaping**

For a project to qualify for the increased floor area ratio in Section S-151.108(d)(2) and height in Section S-151.108(e)(2), landscaping must be provided as shown on the landscape plan (Exhibit S-151B). Otherwise, landscaping and screening must be provided in accordance with PD No. 193. No landscape standards are included in the deed restrictions proposed to be terminated.

**Market Value Analysis**

Market Value Analysis (MVA), is a tool to aid residents and policymakers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strengths or weaknesses. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets to orange, representing the weakest markets. The site is not within an

Z212-172(OA)

identifiable MVA Category; however, it is in proximity to an “C” MVA Cluster to the northwest.
