

FILE NUMBER: Z212-168(RM) **DATE FILED:** January 14, 2022

LOCATION: North line of Blue Ridge Boulevard, north of the intersection of Blue Ridge Boulevard and Pomeroy Drive

COUNCIL DISTRICT: 3

SIZE OF REQUEST: Approx. 2.46 acres **CENSUS TRACT:** 0108.03

REPRESENTATIVE: Elsie Thurman, Land Use Planning & Zoning Services

OWNER/APPLICANT: Jessica Gonzales, La Escuelita Spanish Preschool

REQUEST: An application for a Specific Use Permit for a child-care facility on property zoned an R-10(A) Single Family District.

SUMMARY: The purpose of the request is to allow a child-care facility on the site.

CPC RECOMMENDATION: **Approval** for a five-year period, subject to a site plan and conditions.

STAFF RECOMMENDATION: **Approval** for a five-year period, subject to a site plan and conditions.

BACKGROUND INFORMATION:

- The area of request is currently zoned an R-10(A) Single Family District and is currently developed with a single family use.
- The applicant proposes to use the existing residential structure as a child-care facility. This use requires a Specific Use Permit in the R-10(A) District.
- The proposed child-care facility would operate between 7:00 a.m. and 6:30 p.m., Monday through Friday.
- In addition to use of the existing structure, the applicant proposes to add a playground area and educational garden to the site. They also propose to add parking spaces to meet the minimum parking requirements of a child-care facility.

Zoning History:

There has been one zoning case in the area in the last five years.

1. **Z189-176:** On June 26, 2019, City Council approved Planned Development District No. 1018 for R-10(A) Single Family uses and a public school other than an open enrollment charter school on property zoned an R-10(A) Single Family District in an area generally bounded by South Westmoreland Road, Sprague Drive, and Boulder Drive.

Thoroughfares/Streets:

Thoroughfare/Street	Type	Existing/Proposed ROW
Blue Ridge Boulevard	Local Street	-
Pomeroy Drive	Local Street	-

Traffic:

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 outlining several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

Land Use:

	Zoning	Land Use
Site	R-10(A) Single Family District	Single family
North	R-10(A) Single Family District	Single family
East	R-10(A) Single Family District	Church
South	R-10(A) Single Family District	Single family
West	R-10(A) Single Family District	Single family

Land Use Compatibility:

The area of request is currently surrounded by single family uses as well as a church to the east. Staff finds the applicant's proposal compatible with these surrounding uses.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the

welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

Staff supports the request because the use is not foreseen to be detrimental to surrounding properties, and it will provide child-care services within easy access of neighborhood residents. Staff also supports the proposed time limit of five years without eligibility for automatic renewal because this would be a new use of the property. A time limit without eligibility for automatic renewal will allow for continued monitoring of the site in the future.

Landscaping:

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended.

Parking:

Pursuant to the Dallas Development Code, the off-street parking requirement for a child-care facility is one space per 500 square feet or floor area. For the existing 3,111 square foot residential structure, this equates to six required parking spaces. As demonstrated on the proposed site plan, the applicant will provide 13 parking spaces.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently within an “F” MVA cluster and abuts other “F” MVA clusters to the north and west. South of the request area is an “E” MVA cluster.
