STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

LAND USE ELEMENT

GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

Policy 1.1.5 Strengthen existing neighborhoods and promote neighborhoods' unique characteristics.

GOAL 1.3 PROVIDE EQUITABLE OPPORTUNITIES FOR DALLAS RESIDENTS

Policy 1.3.1 Create housing opportunities throughout Dallas.

1.3.1.6 Promote incentives for ownership and affordable housing development in Dallas.

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

NEIGHBORHOOD PLUS PLAN

GOAL 4 ATTRACT AND RETAIN THE MIDDLE CLASS

Policy 4.3 Enhance neighborhood desirability by improving infrastructure, housing stock, recreation, and safety.

The proposed project has the potential to meet several goals of the comprehensive plan related to providing affordable housing and expanding homeownership opportunities.

Surrounding Land Uses:

	Zoning	Land Use
Site	R-7.5(A) Single Family District SUP No. 105	Undeveloped Convalescent Home & Institutional Uses
North	MF-2(A)(SAH) Multifamily District RR-D-1 Regional Retail District with D-1 Liquor Control Overlay SUP No. 923 Deed Restrictions Z978-283	Multifamily Office Office/Showroom Warehouse Nursery Establishment for the care of alcoholic, narcotic, and psychiatric patients
East	Planned Development District No. 1016	Single Family
South	R-7.5(A) Single Family District SUP 1502	Single Family
West	R-7.5(A) Single Family District SUP NO. 104	Cemetery

Land Use Compatibility:

The subject site is undeveloped. The area of request is zoned R-7.5(A) Single Family District with Specific Use Permit No. 105 for a convalescent home.

The area of request is surrounded by commercial uses to the north including office/showroom warehouse, medical clinic, and nursery garden shop in an RR-D-1 Regional Retail District with D-1 Liquor Control Overlay. A multifamily use is also to the north, across Samuell Boulevard, in an MF-2(A)(SAH) Multifamily District. A cemetery use is to the west. Single family uses are located to the south in an R-7.5(A) Single Family District.

The purpose of the request is to create a Planned Development District to allow for modification to the yard, lot and space regulations, landscape regulations, and shared access requirements. Shared access developments are limited to 36 lots in the city code. The PD conditions allow for 156 single family lots within the development.

Deviations from the Yard, lot, and space regulations include a 10-foot front yard setback (25 feet in R-7.5(A)) for the development and 10-foot side (5 feet in R-7.5(A)) and rear yard setbacks (5 feet for single family structures and 15 for other structures). The height deviates from the R-7.5(A) district by allowing a height of 36 feet from a 30 foot height within an R-7.5(A) district.

To accommodate the different types of units, the applicant proposes the PD District to allow for a maximum of 156 dwelling units with variable lot sizes. The current R-7.5(A) Density would allow for 113 total units on the 19.44-acre tract of land. The applicant proposes 156 dwelling units which would increase the allowed number of units within a standard R-7.5(A) use by 43 dwelling units.

Staff is supportive of the intent to redevelop the area and provide new housing opportunities to the area.

Development Standards:

DISTRICT	SETBACKS		Density	Height	Lot Coverage	PRIMARY Uses
	Front	Side/Rear				
Existing: R-7.5(A)	25'	5' For single family structures OTHER: Side: 10' Rear: 15'	1 DU/ 7,500 sq. ft.	30'	45% for res 25% for non res	Single Family
Proposed: Planned Development District	10'	10'	8 DU per acre	36'	65% res 40% nonres	Single Family

Landscaping:

As part of the request, the applicant proposes to follow Article X with the following deviations:

- A shared access development with more than 36 lots requiring a minimum of 10 percent of the total shared access development must be provided and;
- Planting groups are not required along Grove Hill Road.

Parking:

In general, and pursuant to the Dallas Development Code, off-street parking in the proposed Planned Development District, will be provided in accordance with Division 51A-4.200 for each use. Single family dwellings must be parked at one parking space per single family dwelling.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policymakers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets to orange, representing the weakest markets. The area of request is categorized as being within an "D" MVA cluster, with Category "D" to the south and southeast, and Category "H" to the southwest.
