**COUNCIL DISTRICT:** 10 **MAPSCO:** 17 W

**SIZE OF REQUEST:** Approx. 0.93 acres **CENSUS TRACT:** 78.10

---

**REPRESENTATIVE:** Jack Zanger, Triangle Engineering

**APPLICANT:** HCI Commercial

**OWNER:** The JPN Group

**REQUEST:** An application for a Planned Development District for NO(A) Neighborhood Office District uses and a car wash use on property zoned an NO(A) Neighborhood Office District.

**SUMMARY:** The purpose of the request is to redevelop the property as a car wash with modified development standards primarily related to permitted uses, signage, and landscaping.

**CPC RECOMMENDATION:** **Approval**, subject to a development plan and conditions.

**STAFF RECOMMENDATION:** **Approval**, subject to a development plan and conditions.

**BACKGROUND INFORMATION:**

- The area of request is currently zoned an NO(A) Neighborhood Office District and is developed with a medical clinic or ambulatory surgical center.
- The applicant proposes to redevelop the site with a car wash. This use is not permitted in the NO(A) District. Therefore, the applicant proposes a Planned Development District that maintains majority of the development standards applicable under the current NO(A) District but allows for a car wash. This use will still be subject to development impact review.
- Other deviations from the NO(A) District include the business zoning district sign standards to allow greater flexibility in signage for the property, and enhanced landscaping requirements to provide an increased buffer adjacent to the surrounding residential uses.

**Zoning History:**

There have been no zoning cases in the area in the past five years.

**Thoroughfares/Streets:**

Thoroughfare/Street	Type	Existing/Proposed ROW
Forest Lane	Principal Arterial	120 feet

**Traffic:**

The Engineering Division of the Sustainable Development and Construction Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

**ECONOMIC ELEMENT**

**GOAL 2.1 PROMOTE BALANCED GROWTH**

**Policy 2.1.1** Ensure that zoning is flexible enough to respond to changing economic conditions.

## URBAN DESIGN ELEMENT

### GOAL 5.1 PROMOTE A SENSE OF PLACE, SAFETY AND WALKABILITY

**Policy 5.1.3** Encourage complementary building height, scale, design, and character.

#### Land Use:

	Zoning	Land Use
<b>Site</b>	NO(A) Neighborhood Office District	Medical clinic or ambulatory surgical center
<b>North</b>	Planned Development District No. 735, MU-3 Mixed Use District	General merchandise or food store, local utilities
<b>East</b>	NO(A) Neighborhood Office District	Multifamily
<b>South</b>	NO(A) Neighborhood Office District	Multifamily
<b>West</b>	Planned Development District No. 481	Multifamily

#### Land Use Compatibility:

The area of request is currently developed with a currently operating medical clinic. To the east and south is a multifamily use zoned an NO(A) District, and to the west is another multifamily use zoned PD 481. To the north is a general merchandise or food store and local utilities.

To maintain compatibility with surrounding uses, the applicant proposes a Planned Development District that maintains majority of the development standards applicable under the current NO(A) District. However, there are a few standards proposed from the CR Community Retail District, the least intensive commercial district that allows the proposed car wash use. These standards are considered as the PD deviations. The car wash use is the only additional use permitted under the PD conditions and is still subject to development impact review, which is a requirement in the CR District.

The only other deviation proposed is the business zoning district sign standards. The applicant has proposed these sign standards, rather than defaulting to the non-business zoning district sign standards that would otherwise apply under NO(A) District regulations.

The applicant has proposed to restrict hours of operation to 8:00 a.m. to 8:00 p.m., Monday through Sunday. They have also agreed to provide a six-foot-high fence along the front property line, with gates at all driveways. The gates must remain open during hours of operation and closed at all other times.

Staff supports the request because it allows for a commercial use along a principal arterial while maintaining compatibility with adjacent residential uses by retaining majority of the standards applicable under the current NO(A) District and providing additional landscaping. The applicant has also proposed conditions for hours of operation and a security fence to address community concerns related to noise and after-hours loitering.

At the City Plan Commission hearing, conditions were added for the car wash tunnel to be fully enclosed with the exception of the entrance and exit, and to prohibit the use of outdoor speakers or other outdoor amplified sound equipment.

**Landscaping:**

To allow for the proposed car wash use while maintaining compatibility with the surrounding multifamily residential uses, the applicant has proposed additional landscaping conditions beyond what would be required under Article X. These conditions include a landscape area of a depth of 20 feet from the property line that must be provided along the west, south, and east perimeters of the lot. This landscape area must include a minimum of one large or medium tree with a minimum caliper of three inches or greater for every 25 feet, plus one large evergreen shrub maintained at a minimum height of six feet planted at every six linear feet, along the west, south, and east perimeters of the lot.

In addition, the site must provide screening of surface parking from the right-of-way and adjacent uses by landscaping in accordance with Article X. Although this screening is required under the proposed PD conditions, it may count toward Article X design points. All other landscaping for the site will be in compliance with Article X.

**Parking:**

Pursuant to the Dallas Development Code, the off-street parking requirement for a car wash is a minimum of three spaces for a tunnel-type car wash. The development plan provides three parking spaces separate from the proposed vacuum bays. The off-street stacking requirement for a car wash is 25 spaces for each tunnel unit car wash. The development plan provides 26 stacking spaces.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is not located within an MVA cluster. Immediately surrounding the property to the east, south, and west is a “C” MVA cluster.

**CPC ACTION  
AUGUST 5, 2021**

**Z201-206(RM)**

**Motion:** It was moved to recommend **approval** of a Planned Development District for NO(A) Neighborhood Office District uses and a car wash use, subject to a development plan and conditions to include the following additional conditions: 1) the car wash tunnel depicted on the development plan be fully enclosed with the exception of the entrance and exit, and 2) prohibit the use of outdoor speakers or other outdoor amplified sound equipment on property zoned an NO(A) Neighborhood Office District, on the south line of Forest Lane, west of Meadowknoll Drive.

(2) The landscape area must include a minimum of one large or medium tree with a minimum caliper of three inches or greater for every 25 feet along the west, south, and east perimeters of the lot.

(3) The landscape area must also include one large evergreen shrub maintained at a minimum height of six feet and planted at every 6 linear feet along the west, south, and east perimeters of the lot.

(c) Surface parking screening. Surface parking must be screened from the right-of-way and adjacent uses by landscaping in accordance with Article X. This requirement may count towards Article X design points.

(d) Plant materials must be maintained in a healthy, growing condition.

**SEC. 51P- \_\_\_\_ .112. SIGNS.**

Signs must comply with the provisions for business zoning districts in Article VII.

**SEC. 51P- \_\_\_\_ .113. ADDITIONAL PROVISIONS.**

(a) Hours of operation. The car wash may only operate between 8:00 a.m. and 8:00 p.m., Monday through Sunday.

(b) Fencing. A six-foot-high fence must be provided along the front property line with gates at all driveways. The gates must remain open during hours of operation and closed at all other times.

(c) Enclosure. With the exception of the entrance and exit, the car wash tunnel depicted on the development plan shall be fully enclosed.

(d) Outside speakers. Outside speakers and outside amplified sound are prohibited.

(e) The Property must be properly maintained in a state of good repair and neat appearance.

(f) Development and use of the Property must comply with all federal and state laws and regulations, and with all ordinances, rules, and regulations of the city.

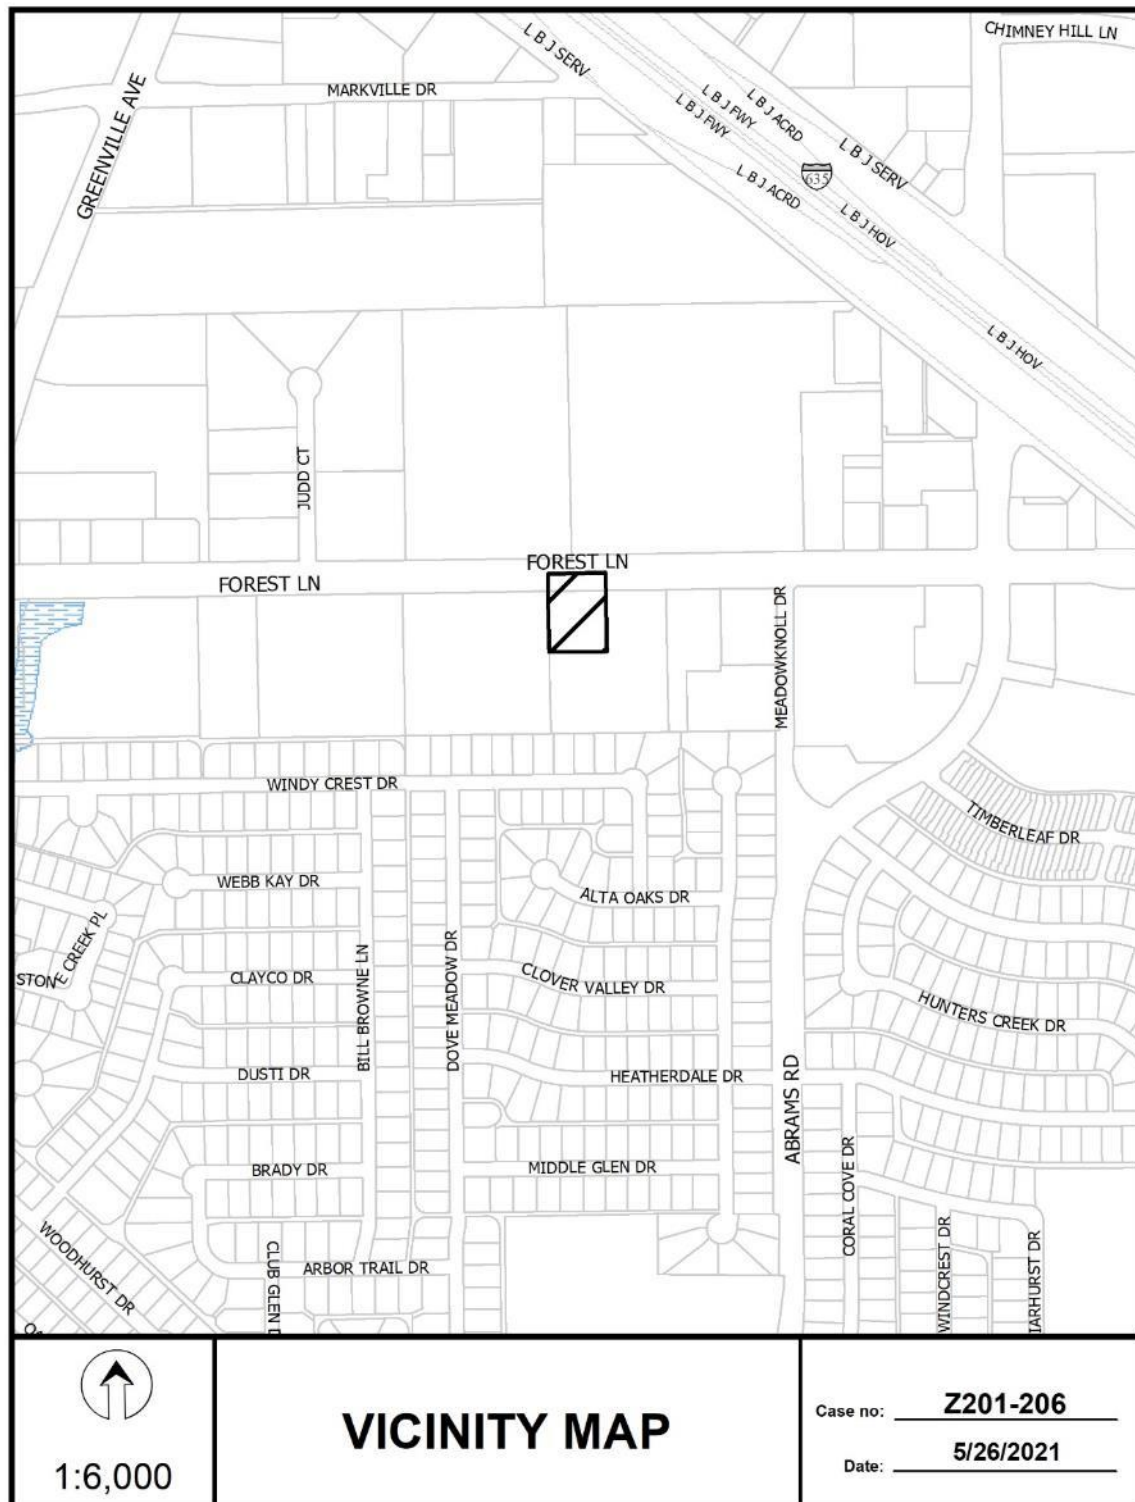

**SEC. 51P-\_\_\_\_.114.                    COMPLIANCE WITH CONDITIONS.**

(a) All paved areas, permanent drives, streets, and drainage structures, if any, must be constructed in accordance with standard city specifications, and completed to the satisfaction of the city.

(b) The building official shall not issue a building permit to authorize work, or a certificate of occupancy to authorize the operation of a use, until there has been full compliance with this article, the Dallas Development Code, the construction codes, and all other ordinances, rules, and regulations of the city.”
