**SUMMARY:** The purpose of the request is to continue to allow the alcoholic beverage establishment limited to a microbrewery, micro-distillery, or winery use on the site.

Furthermore, a facility that only provides tasting or retail sale of alcoholic beverages is not a microbrewery, micro-distillery, or winery use.

- The applicant proposes to sell beer/wine, hold beer/wine tastings, sell food items, ship beer/wine to customers as a part of a microbrewery, micro-distillery, or winery use.

**Zoning History:** There have been two zoning changes for the area of request in the past five years.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

**ECONOMIC ELEMENT**

**GOAL 2.1 PROMOTE BALANCED GROWTH**

**Policy 2.1.1** Ensure that zoning is flexible enough to respond to changing economic conditions.

**URBAN DESIGN**

**GOAL 5.3 ESTABLISH WALK-TO CONVENIENCE**

**Policy 5.3.1** Encourage a balance of land uses within walking distance of each other.

**Land Use:**

	<b>Zoning</b>	<b>Land Use</b>
<b>Site</b>	PD No. 316 Subarea 4	Microbrewery SUP No. 2367
<b>North</b>	PD No. 316 Subarea 4	Office
<b>East</b>	PD No. 316 Subarea 4	Retail/Personal Service
<b>South</b>	PD No. 316 Subarea 1	Office Retail/Personal Service
<b>West</b>	PD No. 316 Subarea 4	Parking Lot / Church

**Land Use Compatibility:**

The purpose of the request is to continue to allow the 2,213 square feet alcoholic beverage establishment limited to a microbrewery, micro-distillery, or winery use on the site. The site is zoned PD No. 316 Subarea 4. The property located to the north of the area of request, across Sunset Avenue is zoned PD No. 316 Subarea 4 developed with an office plaza. To the east is a parking lot, south is an office building that includes retail and personal service uses. West of the subject site is a parking lot that holds parking for the office build to the south of the subject site.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The City Council shall not grant a SUP for use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the City.

The area surrounding the site is commercial and there are many retail and personal service uses within the area. Subarea 4 within Planned Development District No. 316 allows mainly office and mixed-use (medium density) and retail and personal services use including a microbrewery, micro-distillery, or winery with specific use permit. Therefore, the renewal of this Specific Use Permit for microbrewery, micro-distillery, or winery is consistent with the character of the neighborhood, complements the surrounding uses, and is not detrimental to the public health, safety, or general welfare.

Staff supports the renewal for a period of two years for the microbrewery, micro-distillery, or winery business. This allows city staff to continue to assess the compatibility of microbrewery use.

**Parking:**

Off-street parking and loading requirements must comply with the Dallas Development Code as amended.

The use occupies an approximately 2,213-square-foot building area.

At a ratio of one space for every 600 square feet of floor area, a total of 4 spaces will be required for the microbrewery, micro-distillery, or winery use  $[2,213 / 600 = 3.7 \sim 4 \text{ spaces}]$ . The winery has a parking agreement with the owner of the parking lot to the east

of the area of request, which has been sufficiently meeting the parking requirements. The owner of the lot also owns the area of request which the applicant is leasing.

**Landscaping:**

For the proposed development, compliance with Article X will be required.

**Market Value Analysis**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strengths or weaknesses. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets to orange, representing the weakest markets. The area of the requested site is not within an identifiable MVA Category; however, it is in proximity to an “E” MVA Cluster to the northwest and an “H” MVA Cluster to the southwest.
