BACKGROUND INFORMATION:

On January 13, 2016, the Dallas City Council established Planned Development district No. 953 by Ordinance No. 29979.

REQUEST DETAILS:

The applicant is requesting to amend the development/landscape plan to reflect the addition of shade structures, zip lines, an additional building, and a parking surface [Girl Scouts of Northeast Texas Stem Center of Excellence].

This is not a change in zoning request and no changes to the existing zoning standards can be considered. The only purpose of this hearing is to determine if the proposed plan amendment complies with the standards established for minor amendments. The City code requires that if the plan amendment complies with the standards for a minor amendment, the plan shall be approved.

Staff has determined that the request meets the minor amendment criteria for a development/landscape plan and does not violate other applicable code requirements.
