CITY PLAN COMMISSION

THURSDAY, JANUARY 5, 2023

Planner: Jenniffer Allgaier, M. Arch, AICP Candidate

FILE NUMBER: Z212-323(JA) DATE FILED: August 24, 2022

LOCATION: West line of Bonnie View Road, south of Telephone Road

COUNCIL DISTRICT: 8

SIZE OF REQUEST: Approx. 2.8 acres CENSUS TRACT: 48113016709

REPRESENTATIVE: Dorrett Vanderberg

APPLICANT/OWNER: New World Contracting, LLC

REQUEST: An application for an LI Light Industrial District on property

zoned an A(A) Agricultural District.

SUMMARY: The applicant proposes to develop the property with office and

warehouse uses.

STAFF RECOMMENDATION: <u>Approval</u>.

A(A) Agricultural District [Ref. Sec. 51A-4.111]:

https://codelibrary.amlegal.com/codes/dallas/latest/dallas_tx/0-0-0-28144

LI Light Industrial District [Ref. Sec. 51A-4.123(b)]:

https://codelibrary.amlegal.com/codes/dallas/latest/dallas tx/0-0-0-30391

BACKGROUND INFORMATION:

- The request is for an LI Light Industrial District on the northernmost portion of platted lot 4 in block A/8318, which is currently undeveloped and zoned an A(A) Agricultural District.
- The applicant proposes to develop the area of request with office and warehouse uses.

Zoning History:

There have been four zoning change requests in the area in the last five years.

1. **Z178-288:** On January 3, 2019, the City Plan Commission recommended denial without prejudice of an application for an LI Light Industrial District on property zoned an A(A) Agricultural District at the northwest corner of Telephone Road and Bonnie View Road.

Note: The area of request for this application includes the combined areas associated with subsequent zoning requests Z189-252 and Z201-107.

- 2. **Z189-252:** On October 23, 2019, the City Council approved a request for an LI Light Industrial District on property zoned an A(A) Agricultural District with deed restrictions volunteered by the applicant on the northwest corner of Telephone Road and Bonnie View Road. The volunteered deed restrictions prohibit specified uses on the property
- 3. **Z201-107:** On April 14, 2021, the City Council approved a request for an LI Light Industrial District on property zoned an A(A) Agricultural District on the north line of Telephone Road west of Bonnie View Road.
- 4. Z201-345: On January 12, 2022, City Council approved a request for (1) a CS Commercial Services District with deed restrictions volunteered by the applicant, and (2) a Specific Use Permit [SUP No. 2439] for commercial motor vehicle parking on property zoned an A(A) Agricultural District on the south line of Telephone Road west of Bonnie View Road.

Note: The initial request was for an LI Light Industrial District on property zoned an A(A) Agricultural District. However, due to the proximity of residential uses, the applicant amended the request as reflected in the City Council approval referenced above.

Thoroughfares/Streets:

Thoroughfare/Street	Туре	Proposed ROW	
Bonnie View	Minor Arterial	Minimum-6 lanes-Divided	
[Simpson Stuart to Lancaster City Limit]	Willion Arterial	100' right-of-way	

Traffic:

The Transportation Development Services Division of the Transportation Department has reviewed the request. While it will not significantly impact the surrounding roadway system, additional data, including a traffic signal warrant analysis of Bonnie View Road at Telephone Road, will be requested at permitting. Any further review of traffic impact will be addressed as needed at permitting.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan*, adopted by City Council in June 2006, outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request. The request is consistent with the following goals and policies of the comprehensive plan:

LAND USE ELEMENT

GOAL 1.1 ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

Policy 1.1.2 Focus on Southern Sector development opportunities

Surrounding Land Uses:

	Zoning	Land Use
Site	A(A) Agricultural District	Undeveloped
North	LI Light Industrial District	Undeveloped; warehouse
West	A(A) Agricultural District	Outside storage of commercial motor vehicles w/out proper COs
South	A(A) Agricultural District; CS Commercial Service District	Undeveloped
Southwest	CS Commercial Service District w/ SUP 2439	Commercial motor vehicle parking
East	Subdistrict LI w/in PD No. 761, the Dallas Logistics Port Special Purpose District	Warehouse

Land Use Compatibility:

The request site is situated in an area that has generally been transitioning from agricultural land to warehouse and supporting non-residential uses, including outside storage and commercial motor-vehicle related uses to the west and southwest of the request site. Much of the wider vicinity to the north and west along Telephone Road has been rezoned previously to an LI Light Industrial District and either remains undeveloped or has been developed with warehouse uses consistent with those uses permitted in the

neighboring Dallas Logistics Port Special Purpose District located across Bonnie Road to the east of the request site.

Although small areas of single family residential uses remain on property zoned an A(A) Agricultural District in the wider vicinity to the southwest along Telephone Road, staff notes that the request site has no residential adjacency and the proposed zoning change will not impact these residential uses. Due to the adjacency of the request site to the LI subdistrict within PD No. 761, surrounding roadway improvements have been completed along Bonnie View Road abutting the current request property.

Staff supports the proposed zoning change as compatible with the surrounding properties and consistent with the development patterns within the area.

Development Standards:

Following is a comparison table showing differences in development standards between the current A(A) Agricultural District and the proposed LI Light Industrial District.

District	Setbacks		III-talia	Lot	D '4- /5 A D	0
District	Front	Side/Rear	Height	Coverage ¹	Density/FAR	Special Standards
Existing A(A)	50' min	20' min side 50' min rear for single family structures 10' min rear for other permitted structures	24' max No max stories	10% max for residential structures 25% max for nonresidential structures	No max dwelling unit density No max FAR Minimum lot size for residential use is three acres	Continuity of blockface
Proposed LI	15' min typically 50' min is required for the request site due to required continuity with the A(A) district on the same blockface	no min side or rear yard setback is required for the request site	70' max Max 5 stories	80% max	Residential uses not permitted. FAR: 0.5 max for retail/personal service uses, 0.75 max for lodging, office, and retail/personal service uses combined, 1.0 max for all uses combined No min lot size	DIR for trip gen > 6000 per day and 500 trips per acre per day Continuity of blockface

¹Lot coverage includes above-ground parking structures but does not include surface parking lots or other paving.

Land Use Comparison:

Following is a comparison table showing differences in the permitted uses between the existing and proposed zoning districts.

Landscaping:

Landscaping must be provided in accordance with the landscaping requirements in Article X of the Dallas Development Code, as amended.

Parking:

Off-street parking and loading must be provided in accordance with Division 51A-4.200 for all uses to be located on the property.

Market Value Analysis:

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple, representing the strongest markets (A through C), to orange, representing the weakest markets (G through I). The area of request is not currently within an MVA cluster; however, there are small "E" MVA clusters located sporadically to the north and southwest within the vicinity of the request site.
