**LOCATION:** Northwest line of Hudnall Street, between Denton Drive and Denton Drive Cut Off

**COUNCIL DISTRICT:** 2

**SIZE OF REQUEST:** Approx. 4.42 acres **CENSUS TRACT:** 4.04

---

**REPRESENTATIVE:** Rob Baldwin, Baldwin Planning

**OWNER/APPLICANT:** OH Maplewood LP

**REQUEST:** An application for a new tract within Planned Development Subdistrict No. 128 of Planned Development District No. 193, the Oak Lawn Special Purpose District.

**SUMMARY:** The purpose of the request is to allow modified development standards primarily related to parking to allow parallel parking spaces along a private drive along the northwest boundary of the property.

**CPC RECOMMENDATION:** **Approval**, subject to a conceptual plan and conditions.

**STAFF RECOMMENDATION:** **Approval**, subject to a conceptual plan and conditions.

**BACKGROUND INFORMATION:**

- The area of request is currently zoned Planned Development Subdistrict No. 128 within Planned Development District No. 193, the Oak Lawn Special Purpose District. The request area is currently developed with multifamily.
- PDS No. 128 was established by Ordinance No. 30428, passed by city council on April 12, 2017 (Z167-163). At this time, council added a provision that surface parking in this subdistrict is limited to one row of spaces fronting along Hudnall Street in front of the building facade and located between the centerline of the terminus of Fleetwood Oaks Avenue and Denton Drive. This one row of surface parking spaces is permitted separately from the parallel parking spaces that were built along the private drive along the northwest boundary of the site.
- Because this provision effectively prohibits surface parking anywhere else on site, the applicant is unable to utilize the parallel parking spaces that were built along the private drive along the northwest boundary of the site.
- To allow the use of these parallel spaces, the applicant proposes to create a new tract within PDS No. 128 that would apply only to the existing multifamily site. Within this proposed tract, parallel parking spaces would be permitted along the private drive along the northwest boundary of the site. Remaining property within PDS No. 128 would not be subject to this provision.
- The applicant proposes no other changes to the existing conditions of PDS No. 128.
- In addition to the existing development plan for the PDS (Exhibit S-128A), the applicant proposes to add a conceptual plan exhibit outlining the boundaries of their proposed tract.

**Zoning History:**

There have been no zoning cases in the area in the last five years.

**Thoroughfares/Streets:**

Thoroughfare/Street	Type	Existing/Proposed ROW
Hudnall Street	Local Street	-
Denton Drive	Local Street	-
Denton Drive Cut Off	Community Collector	60 feet

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

**ECONOMIC ELEMENT**

**GOAL 2.1 PROMOTE BALANCED GROWTH**

**Policy 2.1.1** Ensure that zoning is flexible enough to respond to changing economic conditions.

**Land Use:**

	<b>Zoning</b>	<b>Land Use</b>
<b>Site</b>	PDS No. 128 within PD No. 193	Multifamily
<b>Northwest</b>	GR Subdistrict within PD No. 193	Multifamily
<b>Northeast</b>	R-7.5 Subdistrict within PD No. 193	Single family
<b>Southeast</b>	R-7.5, MF-2, and LC Subdistricts within PD No. 193	Single family, multifamily, alcoholic beverage establishment, liquor store
<b>Southwest</b>	IR	Auto service center, mini-warehouse

**Land Use Compatibility:**

The area of request is currently zoned PDS No. 128 within PD No. 193 and is developed with multifamily. Other multifamily uses exist to the northwest and southeast of the site. There are also single family uses to the northeast and southeast of the site. Southeast and southwest of the site are various nonresidential uses including alcoholic beverage

establishment, liquor store, auto service center, and mini-warehouse. Staff finds the applicant's existing use of the request area, and the proposed amendment to the parking conditions of PDS No. 128, to be compatible with the surrounding area.

Staff supports the applicant's proposed amendment to the parking conditions of PDS No. 128 and the addition of a conceptual plan for the PDS because these modifications will not have a detrimental impact to surrounding properties. The request will also allow for the use of parallel parking spaces that have already been constructed on the site.

**Landscaping:**

The applicant does not propose any modifications to the existing landscaping conditions of PDS No. 128. Landscaping will continue to be provided in accordance with Part I of PD No. 193.

**Parking:**

The existing parking conditions of PDS No. 128 currently limit surface parking to one row of spaces fronting along Hudnall Street in front of the building façade and located between the centerline of the terminus of Fleetwood Oaks Avenue and Denton Drive. This provision effectively limits surface parking anywhere else on site, including the parallel parking spaces that were built along the private drive along the northwest boundary of the site.

To allow the use of these parallel spaces, the applicant proposes to create a new tract within PDS No. 128 that would apply only to the existing multifamily site. Within this proposed tract, parallel parking spaces would be permitted along the private drive along the northwest boundary of the site. No other modifications are proposed to the existing parking conditions of PDS No. 128.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the

Z212-259(RM)

strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is not currently within an MVA cluster. To the northeast and east is a “D” MVA cluster. To the southeast, south, and west are “E” MVA clusters.
