REQUEST: An application for a waiver of the two-year waiting period to submit a zoning application on property zoned an R-1/2ac(A) Single Family District with Specific Use Permit No. 651 for a college or university.

SUMMARY:

On Wednesday, June 23, 2021, the City Council approved an amendment to the site plan and conditions for Specific Use Permit (SUP) No. 651 for a college or university on property zoned an R-1/2ac(A) Single Family District.

The applicant is requesting a waiver of the two-year waiting period in order to submit an application for a zoning change. The applicant indicates that since the SUP was amended over a year and a half ago, the Dallas College Richland Campus has seen a need to provide community health benefits for the campus and surrounding community. In partnership with Parkland, the two community serving entities are exploring options to provide an on-campus clinic and in order to do so, they need to submit an application for a zoning change.

According to Section 51A-4.701(d) of the Dallas Development Code, a new application on this property cannot be filed prior to June 23, 2023, without a waiver of the two-year waiting period. According to the Dallas Development Code, "the commission may waive the time limitation if there are changed circumstances regarding the property sufficient to warrant a new hearing." Staff does not consider the circumstances regarding the request property to have changed to warrant a new hearing.

STAFF RECOMMENDATION: Denial.

State briefly change of circumstances since the last hearing on the property that would warrant reconsideration of another request in less than two years.

Since the SUP 651 update over a year and a half ago, the Dallas College Richland Campus has seen a need for community health benefits for the campus and surrounding community. In a partnership with Parkland, the two community serving entities are exploring optionality for a clinic on the campus and need to seek a zoning change in order for that to come to fruition.

As you know, ZOAC is currently in discussions on a code amendment change which would negate this two-year waiver process. The case in June 2021 was approved unanimously.
