2023 DARR Filing

2023 DARR Filing

- The 2023 filing is the largest increase requested by Atmos under the DARR tariff since it was adopted in 2012
 - Although Atmos has had some increases in operating costs, the driving factor in this rate increase is Atmos' investment in new plant
 - In the past year Atmos has:
 - Spent over \$180 million in new capital investment
 - Replaced 64 miles of pipe within the City of Dallas
 - Reflects approximately 2% of pipeline in Dallas
 - Replaced 3,200 steel service lines within the City of Dallas

2023 DARR Filing

- City amended DARR ordinance May 13, 2020 in response to the COVID-19 Pandemic
 - The following language was added to the ordinance
 - However, should a declaration of emergency be issued affecting the City of Dallas by action of the United States federal government, the government of the State of Texas, the County of Dallas or the City of Dallas which is in effect during the 135 day evaluation period, the 135 day evaluation period shall be extended an additional 92 days (:Extended Period")
- The Governor has issued an emergency declaration monthly pertaining to the COVID-19 pandemic. The most recent declaration being April 15, 2023
 - Therefore the review period of the 2023 DARR is extended 92 days from May 28, 2023 to August 28, 2023
 - Staff recommends moving forward as negotiations are now complete

2023 DARR Filing

- City retained Garrett Group LLC (Garrett) in 2017 to review gas rate cases such as the current DARR filing
- After reviewing the filing and supplemental information requested from Atmos, Garrett provided a draft report and preliminary findings, including recommendations for several adjustments to filing
- Staff shared Garrett's preliminary findings with Atmos
- Staff (assisted by Garrett and outside legal counsel) met with Atmos on multiple occasions via virtual conference and telephone to negotiate a settlement
 - Reached proposed settlement on May 5, 2023

2023 DARR Proposed Settlement

- Atmos to increase rates in Dallas by \$18.2 million annually
- Rates to become effective September 1, 2023
- Average residential bill will increase by \$5.73 per month
- Average commercial bill will increase by \$14.11 per month
- Atmos will reimburse City's rate case expense
 - Amount determined after adoption of settlement

Options

- 1) Adopt proposed settlement agreement
 - Atmos to increase rates by \$18.2 million annually
 - Rates to become effective September 1, 2023
 - Atmos to reimburse City for rate case expense
- 2) Adopt rates at some amount less than the proposed settlement
 - Atmos could appeal rates to RCT
 - Atmos could implement requested increase of \$20.6M in rates subject to refund while appeal was pending
- 3) Deny rate request, keeping current rates in effect
 - Atmos could appeal rates to RCT
 - Atmos could implement requested rates subject to refund while appeal was pending

City Manager's Recommendation

- Adopt proposed settlement agreement as negotiated by staff (Option 1)
 - Saves residents \$2.4 million off of requested rates
 - Atmos to pay City's rate case expenses
 - Rates to become effective September 1, 2023
 - Avoids uncertainty of litigating and appeal at RCT
 - Avoids additional rate case expense which would be passed on to customers

Next Steps

- City Council will consider ordinance to set rates to be charged by Atmos on May 24, 2023
