

**FILE NUMBER:** Z223-299(LC)                      **DATE FILED:** July 11, 2023

**LOCATION:** West line of Upton Street, between East Clarendon Drive and Viola Street

**COUNCIL DISTRICT:** 4

**SIZE OF REQUEST:** 22,216 square feet                      **CENSUS TRACT:** 48113021000

---

**REPRESENTATIVE:** Paul Carden

**OWNER/APPLICANT:** 935 Clarendon LLC

**REQUEST:** An application for an MU-2 Mixed Use District on property zoned an RR Regional Retail District.

**SUMMARY:** The purpose of the request is to allow multifamily on the property.

**STAFF RECOMMENDATION:** Approval.

**PRIOR CPC ACTION:** On January 18, 2024, the City Plan Commission held this item under advisement to February 15, 2024.

**BACKGROUND INFORMATION:**

- The area of request is currently a vacant lot zoned an RR Regional Retail District, with a lot area of 22,216 square feet (0.51 acres).
- This is a corner lot at an intersection, with frontage on Viola Street, Upton Street and East Clarendon Drive.
- The applicant proposes the property be rezoned to an MU-2 Mixed Use District to allow multifamily on the property.
- To accomplish this, the applicant is requesting a general zoning change.
- **There have been no changes to the request since the last hearing.**

**Zoning History:**

There has been one zoning case in the area in the last five years.

- **Z223-308:** On July 26, 2023, staff received an application for a Specific Use Permit for a child-care facility on property zoned Tract 2H within Planned Development District No. 388, the Tenth Street Neighborhood Historic District, with H/60 Tenth Street Neighborhood Historic District Overlay, on the northeast corner of South Fleming Avenue and East Clarendon Drive. [Scheduled for January 18, 2024 City Plan Commission], [held under advisement, until February 15, 2024, on January 18, 2024 City Plan Commission]

**Thoroughfares/Streets:**

Thoroughfare/Street	Type	Existing/Proposed ROW
Viola Street	Local Street	-
Upton Street	Local Street	-
East Clarendon Drive	Community Collector	60 feet

**Traffic:**

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system. Staff will continue review of engineering plans at permitting to comply

with city standards.

**STAFF ANALYSIS:**

**Comprehensive Plan:**

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006 and outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

**LAND USE ELEMENT**

**GOAL 1.1** ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES

**Policy 1.1.4** Capitalize on transit-oriented development opportunities.

**Policy 1.1.5** Strengthen existing neighborhoods and promote neighborhoods' unique characteristics.

**GOAL 1.3** PROVIDE EQUITABLE OPPORTUNITIES FOR DALLAS RESIDENTS

**Policy 1.3.1** Create housing opportunities throughout Dallas.

**ECONOMIC ELEMENT**

**GOAL 2.1** PROMOTE BALANCED GROWTH

**Policy 2.1.1** Ensure that zoning is flexible enough to respond to changing economic conditions.

**GOAL 2.5** FOSTER A CITY OF GREAT NEIGHBORHOODS

**Policy 2.5.1** Promote strong and distinctive neighborhoods to enhance Dallas' quality of life.

**URBAN DESIGN ELEMENT**

**GOAL 5.2** STRENGTHEN COMMUNITY AND NEIGHBORHOOD IDENTITY

**Policy 5.2.1** Maintain neighborhood scale and character.

**NEIGHBORHOOD PLUS**

**POLICY 4.3** Enhance neighborhood desirability by improving infrastructure, housing stock, recreation, and safety.

**POLICY 5.2** Encourage infill development and existing home improvements in target neighborhoods to attract and retain homeowners.

**The Dallas Zoo Area Land Use Study:**

The *Dallas Zoo Area Land Use Study* was adopted by the City Council in December 2001 and outlines five goals and objectives suggested by the steering committee with an overall goal that focuses on revitalization strategies and policy guidance for future growth and development in this area.

The request complies with the following goals and objectives of the Dallas Zoo Area Land Use Study:

**2.0 LAND USE AND ZONING**

**GOAL 2.2 COMMUNITY IDENTIFIED NEEDS**

**Land Use:**

	<b>Zoning</b>	<b>Land Use</b>
<b>Site</b>	RR	Community retail, undeveloped
<b>North</b>	MF-2(A)	Multifamily
<b>South</b>	IM	Industrial retail
<b>East</b>	IM	Industrial retail
<b>West</b>	RR	Community Retail

**Land Use Compatibility:**

The area of request is currently a vacant lot zoned an RR District on the west line of Upton Street, between East Clarendon Drive and Viola Street. The area of request is currently undeveloped.

To the north of the property are multifamily uses, duplex, vacant lots, and single family zoned an MF-2(A) Multifamily District. To the south are vacant warehouses, to the

southeast and east of the property are industrial, automotive, office, vacant lots, brewery, and other retail uses zoned an IM Industrial Manufacturing District. To the west of the property are automotive repair, motel, Dallas Zoo, DART Station and retail uses zoned an RR District. The uses to the south, southeast and east of the property seem to be vacant. With this area being under development, staff finds the applicant’s requested MU-2 District and proposed multifamily use to be appropriate and compatible with the surrounding area.

Staff supports the applicant’s request and finds the proposed rezoning from an RR District to an MU-2 District to be appropriate for this area that has pre-existing residential uses adjacent to the site. This compatibility is further reflected in the development standards comparison table below.

**Development Standards**

Following is a comparison of the development standards of the current RR District and the proposed MU-2 District.

District	Setback		Density	Height	Lot Cvrg	Special Standards	Primary Uses
	Front	Side/Rear					
Existing: RR	15'	20' adjacent to residential OTHER: No Min.	1.5 FAR overall 0.5 office	70' 5 stories	80%	Proximity Slope U-form setback Visual Intrusion	Retail & personal service, office
Proposed: MU-2	15'	20' adjacent to residential OTHER: No Min.	1.6 FAR base 2.0 FAR maximum + bonus for residential	135' 10 stories 180' 14 stories with retail	80%	Proximity Slope U-form setback Tower spacing Visual Intrusion	Office, retail & personal service, lodging, residential
MU-2 with MIH - 5% at 81-100%*			125 du/ac (No MUP) 150 du/ac (MUP=2) 175 du/ac (MUP=3)	Remove FAR for res			

\* Property is located in an “G” MVA area

To obtain the development bonuses listed above, the applicant would also need to adhere to the design standards for mixed-income housing provided in Chapter 51A. In general, these standards prioritize pedestrians and follow design principles compatible with the City of Dallas Complete Streets program. Development must also follow additional regulations related to fencing, parking location and design, transparency, and ground-

floor doorways. Development must also include sidewalks, pedestrian lighting, and open space.

**Land Use Comparison**

Following is a comparison table showing differences in permitted uses between the existing and proposed zoning districts.

**LEGEND**

	Use prohibited
•	Use permitted by right
S	Use permitted by Specific Use Permit
D	Use permitted subject to Development Impact Review
R	Use permitted subject to Residential Adjacency Review
★	Consult the use regulations in Section 51A-4.200

Recycling drop-off for special occasion collection	★	★
Sand, gravel, or earth sales and storage		
Trade center		•
Vehicle storage lot		
Warehouse		•

**Landscaping:**

Landscaping will be provided in accordance with the landscaping requirements in Article X, as amended.

**Parking:**

Pursuant to the Dallas Development Code, the off-street parking requirement for multifamily is one space per bedroom with a minimum of one space per dwelling unit. An additional one-quarter space per dwelling unit must be provided for guest parking if the required parking is restricted to resident parking only. No additional parking is required for accessory uses that are limited principally to residents.

If the applicant provides affordable units as part of the development, the off-street parking requirement for multifamily can be reduced to a minimum of 0.5 space per dwelling unit, provided that at least 15 percent of the required parking is available for guest parking. This would simply be the *minimum* number of required spaces – the applicant could still provide additional spaces in excess of the required minimum. The applicant would be required to comply with standard parking ratios at permitting.

**Market Value Analysis:**

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to target intervention strategies more precisely in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently in a “G” MVA area. To the west is an “F” MVA area, and to the south is an “H” MVA area.
