#### CITY PLAN COMMISSION

THURSDAY, MAY 2, 2024

FILE NUMBER: S234-090 SENIOR PLANNER: Sharmila Shrestha

**LOCATION:** bounded by Brookshire Circle and Brookshire Drive

**DATE FILED:** April 3, 2024 **ZONING:** R-16(A)

CITY COUNCIL DISTRICT: 11 SIZE OF REQUEST: 1.13-acres

APPLICANT/OWNER: Shaun Mammen, Peter Kofoed, Kristie Kofoed

**REQUEST:** An application to replat a 1.13-acre tract of land containing all of Lots 1 and 2 in City Block 6/6586 to create two 0.56-acre lots, and to remove an existing 40-foot platted building line along Brookshire Circle and to extend an existing 20-foot platted building line along the northwest line of Brookshire Drive to the property line, on property bounded by Brookshire Circle and Brookshire Drive.

**SUBDIVISION HISTORY:** There has been no recent platting activity within close proximity to this request.

**PROPERTY OWNER NOTIFICATION:** On April 15, 2024, 19 notices were sent to property owners within 200 feet of the proposed plat boundary.

**BUILDING LINE REMOVAL:** The Commission may approve a reduction or removal of the platted building lines with a minimum front, side, or rear yard setback greater than required by zoning regulation only:

- 1) Upon the affirmative vote of at least three-fourths of the commission members present; and
- 2) If the Commission finds that relocation or removal of the platted building line will not:
  - (i) "Require a minimum front, side, or rear yard setback less than required by zoning regulation"
  - The existing platted building line along the southeast line of Brookshire Circle is 40 feet. Minimum required front yard setback is 35 feet per R-16(A) Single Family District.
  - (ii) "Be contrary to the public interest;"
  - 19 notices were sent to property owners within 200 feet of the proposed plat.
  - (iii) "Adversely affect neighboring properties; and"
  - The removal of the 40-foot platted building line along the southeast line of Brookshire Circle will allow for the property to develop according to R-16(A) Single Family District regulation and City of Dallas development code.
  - (IV) "adversely affect the plan for the orderly development of the subdivision."

 The removal of the 40-foot platted building line along the southeast line of Brookshire Circle will not impact the adjoining properties. These are only the two lots bounded by Brookshire Circle and Brookshire Drive.

**STAFF RECOMMENDATION ON BUILDING LINE REMOVAL:** The request is to remove an existing 40-foot platted building line along the southeast line of Brookshire Circle. Staff finds that the request complies with the requirements of Section 51A-8.505 of the Dallas Development Code; therefore, staff recommends approval of the removal of the 40-foot platted building line along the southeast line of Brookshire Circle.

**STAFF RECOMMENDATION ON REPLAT:** Section 51A-8.503 states that "lots must conform in width, depth and area to the pattern already established in the adjacent areas, having due regard to the character of the area, its particular suitability for development, and taking into consideration the natural topography of the ground, drainage, wastewater facilities, and the proposed layout of the streets."

The request is to create two 0.56-acre lots and the number of lots and lot areas remain same. Staff concludes that the request complies with the requirements of Section 51A-8.503 and the R-16(A) Single Family District; therefore, staff recommends approval of the request subject to compliance with the following conditions:

# **General Conditions:**

- 1. The final plat must conform to all requirements of the Dallas Development Code, Texas Local Government Code, Texas Land Surveying Practices Act and the General Rules and Regulations of the Texas Board of Land Surveying.
- 2. Department of Development Services, Engineering Division must verify that the plat conforms with the water, wastewater, and easement requirements under the provisions of Chapter 49 of the Dallas City Code.
- 3. Compliance with all plans, contracts, ordinances, and requirements of the City of Dallas. Section 51A-8.102(a), (b), (c), and (d)
- 4. The number and location of fire hydrants must comply with the Dallas Fire Code.
- 5. Any new or existing structure may not extend across new property lines. Section 51A-8.503(e)
- 6. On the final plat, all easement abandonments, and ROW abandonments must be by separate instrument with the recording information shown on the face of the plat. A release from the Real Estate Division is required prior to the plat being submitted to the Chairman for signature.
- 7. On the final plat, include two boundary corners tagged with these coordinates: "Texas State Plane Coordinate System, North Central Zone, North American Datum of 1983 on Grid Coordinate values, No Scale and no Projection."
- 8. On the final plat, monument all set corners per the Monumentation Ordinance. Prior to submittal of the final plat for the Chairman's signature. The monuments

- must be verified by the Chief City Surveyors Office in the Public Works Department. Section 51A-8.617
- 9. Provide ALL supporting documentation (i.e. deeds, plats, ordinances, easements...etc) with a completed Final Plat Checklist to the Survey Plat Review Group (**SPRG**) with the Final Plat Submittal <u>after</u> City Plan Commission Approval.
- 10. Prior to the final plat, submit a tree survey to the Arborist. A release from the arborist is required prior to an early release request or the recordation of the plat, whichever occurs first.
- 11. The number of lots permitted by this plat is 2.

## **Paving & Drainage Conditions:**

- 12. Place a note on the final plat stating "Lot-to-Lot drainage will not be allowed without proper City of Dallas Engineering Division approval" 51A 8.611(e)
- 13. Submit drainage, paving, etc. plans prepared by a licensed (TX) Professional Engineer to Permit Center, Oak Cliff Municipal Center (i.e. non-311T/DP). Section 51A- 8.102 (c); 8.601(b)(4),(5),(6),(7),(8),(9)

#### **Survey (SPRG) Conditions:**

- 14. Prior to final plat, submit a completed final plat checklist and all supporting documents.
- 15. On the final plat, show recording information on all existing easements within 150 feet of the property.
- 16. On the final plat, show all additions or tracts of land within 150 feet of the property with recording information.

### **GIS, Lot & Block Conditions:**

17. On the final plat, identify the property as Lots 1 and 2 in City Block 6/6586.
