CITY PLAN COMMISSION

FILE NUMBER:	Z223-158(LG)	DATE FILED:	December 20, 2022		
LOCATION:	North line of Lake June F	Road, west of No	rth Masters Drive		
COUNCIL DISTRICT:	5				
SIZE OF REQUEST:	38,610 square feet	CENSUS TRA	CT : 48113011901		
REPRESENTATIVE:	Jose Garcia				
OWNER/APPLICANT:	Jacobo A. Ramos Tapia				
REQUEST:	An application for a CR Community Retail District on property zoned an R-7.5(A) Single Family District.				
SUMMARY:	The purpose of the request is to allow a personal service business on the property.				
STAFF RECOMMENDA		NS(A) Neighbor community Retail	hood Service District, District.		

BACKGROUND INFORMATION:

- The area of request is currently zoned an R-7.5(A) Single Family District and there is an existing building on site.
- The applicant requests a CR Community Retail District to allow a personal service use (hair salon) on the property.
- Other property immediately to the west and along the south line of Lake June Road are zoned R-7.5(A) Single Family District, to the north is zoned MF-2(A) Multifamily District, and to the east is zoned CR District.

Zoning History:

There have been two zoning cases in the area in the last five years.

- Z190-307: On December, 2020, the City Council approved a request for a Specific Use Permit No. 2398 for the sale of alcoholic beverages in conjunction with a general merchandise or food store greater than 3,500 square feet on property zoned a CR-D-1 Community Retail District with a D-1 Liquor Control Overlay, for a two-year period, on the northwest corner of Lake June Road and North Masters Drive.
- 2. **Z212-330:** On April 12, 2023, City Council approved the renewal of SUP No. 2398 for the sale of alcoholic beverages in conjunction with a general merchandise or food store greater than 3,500 square feet for a five-year period with eligibility for automatic renewals for additional five-year period on the northwest corner of Lake June Road and North Masters Drive.

Thoroughfares/Streets:

Thoroughfare/Street	Туре	Proposed ROW
Lake June Road	Principal Arterial	100 feet
		Bike Plan

Traffic:

The Transportation Development Services Division of the Transportation Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

STAFF ANALYSIS: Comprehensive Plan:

The *forwardDallas!* Comprehensive Plan was adopted by the City Council in June 2006 outlining several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request is not consistent with the following land use goals and policies of the Comprehensive Plan:

LAND USE ELEMENT

- **GOAL 1.1** ALIGN LAND USE STRATEGIES WITH ECONOMIC DEVELOPMENT PRIORITIES
 - **Policy 1.1.5** Strengthen existing neighborhoods and promote neighborhoods' unique characteristics. Acknowledge the importance of neighborhoods to the city's long-term health and vitality.

URBAN DESIGN ELEMENT

GOAL 5.1 PROMOTE A SENSE OF PLACE, SAFETY, AND WALKABILITY

Policy 5.1.3 Encourage complementary building height, scale, design, and character.

Comprehensive Environment and Climate Action Plan (CECAP):

- **GOAL 8:** All Dallas' communities breath clean air.
 - AQ4 Ensure new industries are an appropriate distance away from neighborhoods.

The proposed change does not further the goals of the Comprehensive Plan in regard to complementary building forms or appropriate development. It also does not further the environmental justice goals of CECAP by expanding commercial intensity toward residential neighborhoods.

Land Use:

	Zoning	Land Use
Site	R-7.5(A) Single-Family District	Single-family
North	MF-2(A) Multifamily District	Undeveloped

East	CR Community Retail District w/DR Z978-305	Undeveloped, retail, and personal services
South	R-7.5(A) Single-Family District	Dallas Water Utilities
West	R-7.5(A) Single-Family District	Single-family

Land Use Compatibility:

The area of request contains 38,610 square feet and is currently developed as a single family home with two structures on the property fronting Lake June Road. The applicant is requesting to rezone the area of request to a CR Community Retail District to allow for a hair salon, which is considered to be a personal service use. The surrounding properties to the west and south are currently zoned an R-7.5(A) Single family District. East of the property is currently zoned CR Community Retail District with Deed Restrictions [Z978-305]. The property to the north is currently zoned a MF-2(A) Multifamily District and is undeveloped.

The proposed use may be considered compatible within the surrounding neighborhood since the site is located along a principal arterial and there are also retail and personal services uses along Lake June Road. However, the proposed CR Community Retail district allows a wide variety of uses, a lot of which are not compatible within a single family neighborhood. There are much less intensive zoning districts that allow for personal service uses and are better compatible with the surrounding areas, for example, an NS(A) Neighborhood Service District. Therefore, staff recommends an NS(A) District in lieu of the CR District request. NS(A) could serve as a more appropriate buffer between commercial uses to the east and residential to the west.

Development Standards

and the proposed Cit District and recommended NO(A) District.							
District	Setback		Density	Hoight	Lot	Special	Primary Uses
District	Front	Side/Rear	Density	sity Height		Standards	Fillinary Uses
Existing: R-7.5(A)	25'	5' Other: 10'	1 Dwelling Unit/ 7,500 Sq. ft.	30'	45%		Single-Family
Proposed: CR	15'	20' adj. to Res. Other: No min.	0.75 FAR overall 0.5 offices	54' 4 stories	60%	Proximity Slope Visual Intrusion	Retail & personal service & office
Recom.: NS(A)	15'	20' adj. to Res. Other: No min.	0.5 FAR	35' w/gable, hip, or gambrel roof Other: 30' 2 stories	40%0	Proximity Slope Visual Intrusion	Retail & personal service & office

Following is a comparison of the development standards of the current R-7.5(A) District and the proposed CR District and recommended NS(A) District.

Although the applicant proposes to utilize an existing structure, a CR Community Retail districts allows for higher heights and lot coverage, which may not be compatible with the surrounding residential uses. Per Sec. 51A-4.401(a)(6), if a blockface is divided by two or more zoning districts, the front yard for the entire blockface must comply with the requirements of the district with the greatest front yard requirement. There are lots along Lake June Road that are zoned an R-7.5(A) District; therefore, the 25-foot front yard of this district would be imposed on the proposed CR District lot.

Land Use Comparison

Following is a comparison table showing differences in permitted uses between the existing and proposed zoning districts.

LEGEND

- Use prohibited
- Use permitted by right
- S Use permitted by Specific Use Permit
- D Use permitted subject to Development Impact Review
- R Use permitted subject to Residential Adjacency Review
- ★ Consult the use regulations in Section 51A-4.200

Landscaping:

Landscaping must be provided in accordance with the landscaping requirements in Article X, as amended.

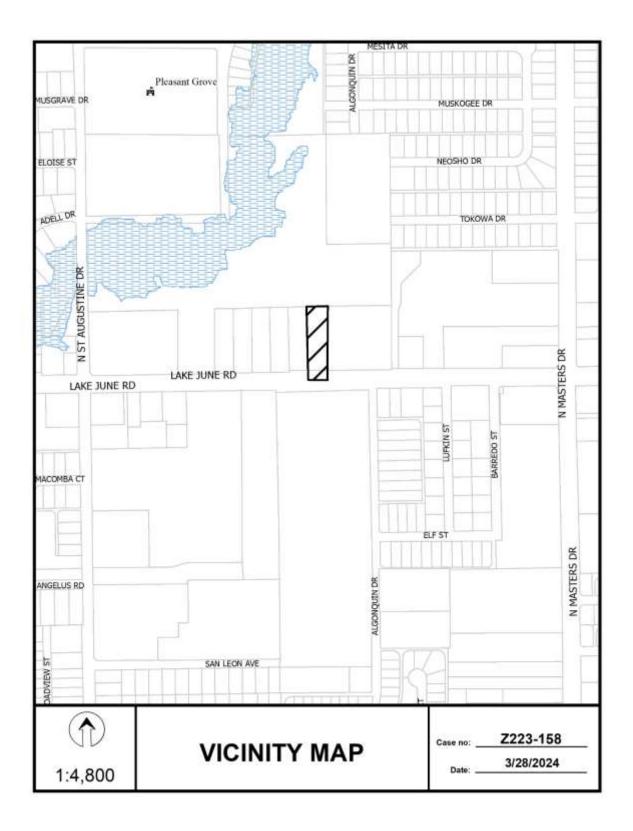

Parking:

Pursuant to the Dallas Development Code, off-street parking requirement for a personal service use is one space per 200 square feet of floor area. The applicant will be required to comply with standard parking ratios at permitting.

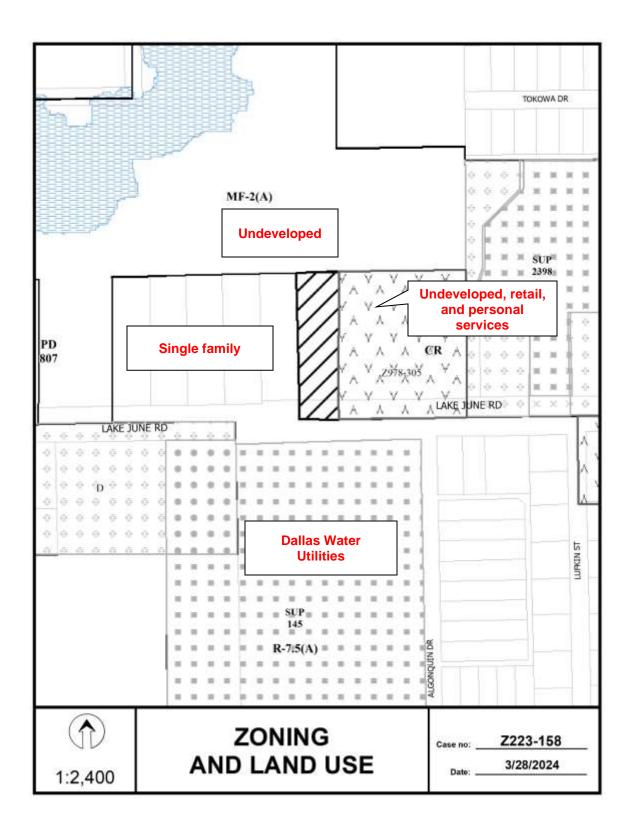

Market Value Analysis:

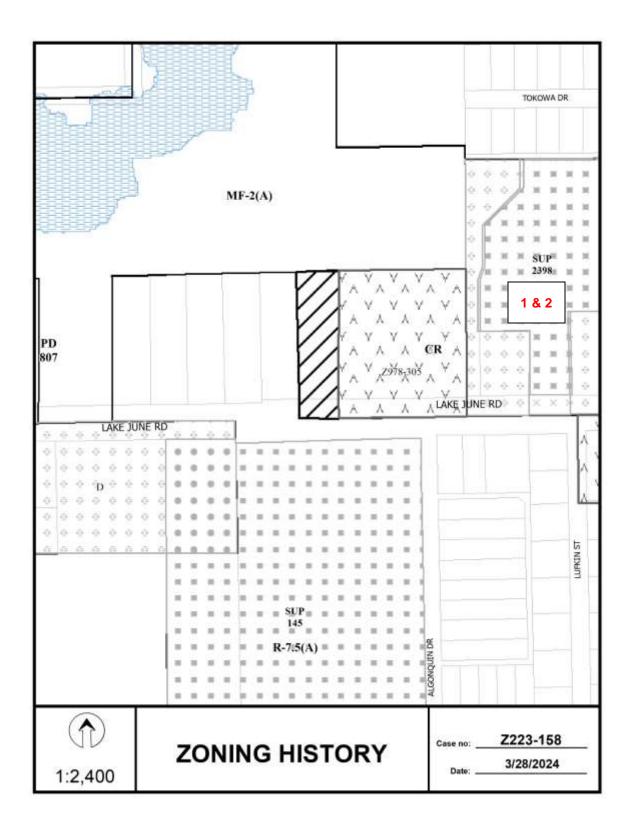

<u>Market Value Analysis (MVA)</u>, is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials

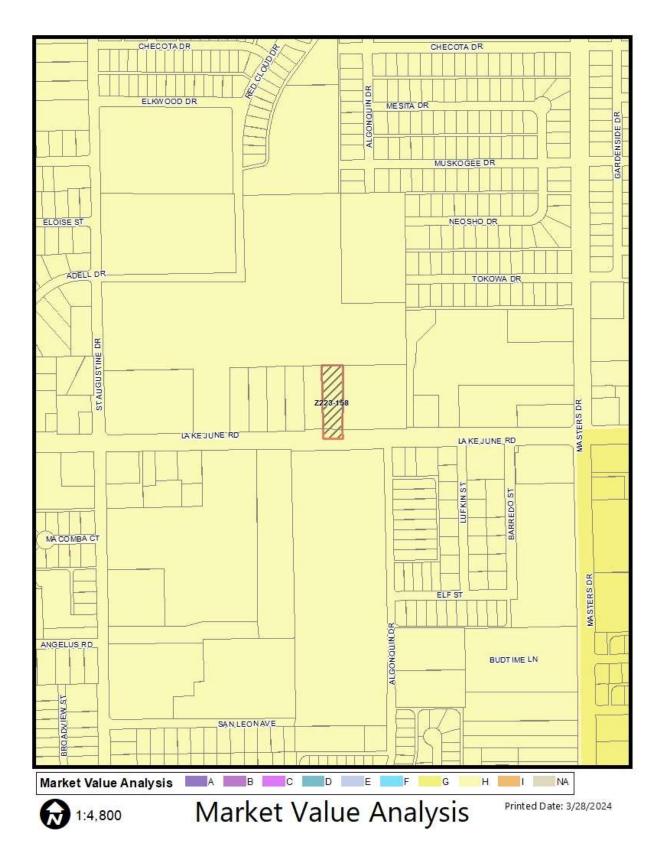

and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets (A through C) to orange, representing the weakest markets (G through I). The area of request is currently within an "H" MVA area.
