- The applicant proposes to develop the site with an approximately 8,150-square-foot one-story multi-tenant building containing three lease spaces, a canopy for fueling station and a mini-storage use.
- The proposed general merchandise or food store will occupy an approximately 3,700-square-foot suite within the multi-tenant building. The mini-warehouse use will contain approximately 14,800 square feet of floor area, plus an approximately 1,000-square-foot accessory leasing office.
- The purpose of the request is to change the D Liquor Control Overlay to a D-1 Liquor Control Overlay and obtain an SUP for the sale of alcohol in conjunction with the general merchandise store and an SUP for the mini-warehouse use.

Zoning History: There has been one zoning change for the area of request in the past five years.

1. Z156-270 On February 8, 2017, City Council denied an application for a Specific Use Permit for a mini-warehouse on property located on the southeast corner of Military Parkway and North St. Augustine Drive, the area of request.

Traffic:

The Engineering Division of the Sustainable Development and Construction Department has reviewed the request and determined that it will not significantly impact the surrounding roadway system.

STAFF ANALYSIS:

Comprehensive Plan:

The *forwardDallas! Comprehensive Plan* was adopted by the City Council in June 2006. The *forwardDallas! Comprehensive Plan* outlines several goals and policies which can serve as a framework for assisting in evaluating the applicant's request.

The request complies with the following land use goals and policies of the Comprehensive Plan:

ECONOMIC ELEMENT

GOAL 2.1 PROMOTE BALANCED GROWTH

Policy 2.1.1 Ensure that zoning is flexible enough to respond to changing economic conditions.

URBAN DESIGN

GOAL 5.3 ESTABLISH WALK-TO CONVENIENCE

Policy 5.3.1 Encourage a balance of land uses within walking distance of each other.

Land Use:

	Zoning	Land Use
Site	CR-D Community Retail District with D Liquor Control Overlay	Undeveloped land
North	LI-D-1 Light Industrial with D-1 Liquor Control Overlay	Freight terminal
Northwest	CS-D Commercial Service with D Liquor Control Overlay	Undeveloped land
East	MF-2(A) Multifamily District and SUP No. 538	Multifamily
South	PDD No. 413	Water tower
West	CR-D Community Retail District with D Liquor Control Overlay	Multifamily

Land Use Compatibility:

The approximate 2.92-acre site is zoned an CR-D Community Retail District with a D Liquor Control Overlay and is currently undeveloped. Historical aerial images from 1952 and subsequent years show the area of request undeveloped with no indication of any past construction.

The property located to the north of the area of request, across Military Parkway is zoned LI-D-1 Light Industrial District with D-1 Liquor Control Overlay and is developed with a freight terminal facility. To the northwest, at the northwest corner of North St. Augustine Road and Military Parkway, there is an undeveloped tract of land zoned CS-D Commercial Service District with D Liquor Control Overlay. A nonconforming multifamily use is located to the west of the area of request, across North St. Augustin Road in a CR Community Retail District.

Abutting the southern boundary of the area of request, there is a water tower use on property zoned Planned Development District No. 413. Directly adjacent to the east there is a multifamily use on property zoned an MF-2(A) Multifamily District and Specific Use Permit No. 538 for a day nursery use.

Single family uses are located further to the south and southwest along North St. Augustine Road, on property zoned Planned Development District No. 415 and TH-2(A) Townhouse District respectively. Both districts are medium density residential districts, allowing a maximum density of nine dwelling units per acre.

On February 8, 2017, City Council denied an application for a Specific Use Permit for a mini-warehouse use at the subject site. The applicant of this request is a new owner proposing to develop the site with a one-story multi-tenant building containing three lease spaces, a canopy for fueling station, and a mini-storage use.

The proposed general merchandise or food store will occupy an approximately 3,700-square-foot suite within the approximately 8,150-square-foot multi-tenant building. The mini-warehouse use will contain approximately 14,800 square feet of floor area, plus an approximately 1,000-square-foot accessory leasing office.

The CR Community Retail District provides for the development of community-servicing retail, personal service and office uses at a scale and intensity compatible with residential communities. This district allows for the proposed general merchandise or food store and fueling station uses by right; however, a Specific Use Permit is required for the proposed mini-warehouse use.

The "D" Overlay District is a Liquor Control Overlay District that prohibits an individual from selling or serving alcoholic beverages, or setups for alcoholic beverages, for consumption on or off the premises.

The "D-1" Overlay District is a Liquor Control Overlay District which requires an individual to obtain a Specific Use Permit in order to sell or serve alcoholic beverages, or setups for alcoholic beverages, for consumption on or off the premises

The purpose of requesting the change from a D Liquor Control Overlay to a D-1 Liquor Control Overlay, is to allow for the applicant to obtain a Specific Use Permit for the sale of alcoholic beverages for off-premise consumption in conjunction with the proposed general merchandise or food store.

The general provisions for a Specific Use Permit in Section 51A-4.219 of the Dallas Development Code specifically state: (1) The SUP provides a means for developing certain uses in a manner in which the specific use will be consistent with the character of the neighborhood; (2) Each SUP application must be evaluated as to its probable effect on the adjacent property and the community welfare and may be approved or denied as the findings indicate appropriate; (3) The city council shall not grant an SUP for a use except upon a finding that the use will: (A) complement or be compatible with the surrounding uses and community facilities; (B) contribute to, enhance, or promote the welfare of the area of request and adjacent properties; (C) not be detrimental to the public health, safety, or general welfare; and (D) conform in all other respects to all applicable zoning regulations and standards. The regulations in this chapter have been established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals, and general welfare of the city.

The general merchandise use is also regulated by Chapter 12B of the Dallas City Code, Convenience Stores. This chapter applies to all convenience stores, which is defined as any business that is primarily engaged in the retail sale of convenience goods, or both convenience goods and gasoline, and has less than 10,000 square feet of retail floor space; the term does not include any business that has no retail floor space accessible to the public. The purpose of Chapter 12B is to protect the health, safety, and welfare of the citizens of the city of Dallas by reducing the occurrence of crime, preventing the escalation of crime, and increasing the successful prosecution of crime that occurs in convenience stores in the city. This chapter establishes a registration program for convenience stores and provides requirements relating to:

- surveillance camera systems,
- video recording and storage systems,
- alarm systems,
- drop safes,
- security signs.

- height markers,
- store visibility,
- · safety training programs, and
- trespass affidavits.

A separate certificate of registration to comply with Chapter 12B is required for each physically separate convenience store. A certificate of registration for a convenience store expires one year after the date of issuance and must be renewed annually.

In general, the applicant's request is consistent with the existing zoning and with the general provisions for a Specific Use Permit and is not foreseen to have a negative impact on the surrounding properties.

Additionally, the Development Code includes regulations such as residential proximity slope, and an increased setback to mitigate potential compatibility concerns with the adjoining residential uses, particularly with the multifamily use to the east. Staff recommends approval of the request.

Development Standards:

DISTRICT	SETBACKS		Density	Height	Lot	Special	PRIMARY Uses
	Front	Side/Rear	Density	ricigiit	Coverage	Standards	T KIMPAKT 0303
CR Community retail	15'	20' adjacent to residential OTHER: No Min.	0.75 FAR overall 0.5 office	54' 4 stories	60%	Proximity Slope Visual Intrusion	Retail & personal service, office

Parking:

Off-street parking and loading requirements must comply with the Dallas Development Code as amended.

According to the applicant, the general merchandise or food store will occupy an approximately 3,700-square-foot lease area within the multi-tenant building. A 1,200-square-foot restaurant with drive-thru and a prospective retail lease space of approximately 3,250 square feet of floor area are also proposed within the building.

At a ratio of one space for every 200 square feet of floor area, a total of 19 spaces will be required for the general merchandise store $[3,700 / 200 = 18.5 \sim 19 \text{ spaces}]$. The proposed restaurant will be required to provide 12 parking spaces calculated at a ratio of 1 space for every 100 square feet [1,200/100 = 12 spaces]. The future retail space will require, a total of 16 spaces calculated at a ratio of 1 space for every 200 square feet of floor area $[3,250/200 = 16.25 \sim 16 \text{ spaces}]$. Additionally, the Development Code requires a minimum of two parking spaces for the motor vehicle fueling station use, and a minimum of six spaces for the mini-warehouse use. For all the proposed uses combined, a total of 55 spaces are required.

Since the request includes two different Specific Use Permits, two separate site plans have been provided, one for the sale of alcoholic beverages in conjunction with the general merchandise or food store greater than 3,500 square feet, and one for the mini-warehouse use. Each site plan indicates the parking calculations for each use and the parking being provided on site which complies with the Development Code.

Landscaping:

For the proposed development, compliance with Article X will be required.

Dallas Police Department:

Staff requested a report of site-related crime statistics for a time period from the denial of the previous zoning change request for the area in 2017 up to date. The list of reported crime obtained includes three calls, three offenses and two arrests; however, due to the site being currently undeveloped, the police report received is not related neither to the proposed uses nor the sale of alcohol for off-premise consumption.

Market Value Analysis

Market Value Analysis (MVA), is a tool to aid residents and policy-makers in understanding the elements of their local residential real estate markets. It is an objective, data-driven tool built on local administrative data and validated with local experts. The analysis was prepared for the City of Dallas by The Reinvestment Fund. Public officials and private actors can use the MVA to more precisely target intervention strategies in weak markets and support sustainable growth in stronger markets. The MVA identifies nine market types (A through I) on a spectrum of residential market strength or weakness. As illustrated in the attached MVA map, the colors range from purple representing the strongest markets to orange, representing the weakest markets. The area of request Site is not within an identifiable MVA Category; however, it is in proximity to a "G" MVA Cluster to the northwest, west, and southwest of the subject site and an "F" MVA Cluster to the southeast.

CPC ACTION November 7, 2019
