

Feedback on the CPOB Rules and Procedure:

- In the section on speakers, section D, page 7, under 1(a) change the “may register” to “must register”.
 - Under the same section on speakers, subparagraph (c) I would propose a “15-minute open microphone period” instead of leaving it open. If we do not have time limits, we will just continue to have an endless number of speakers which will take time away for our business.
- Who is the sergeant at arms?
- In section 7 it states we “shall meet” at least once a month. But we never meet in July. Does this need to be clarified?
- Speakers wanting to address specific agenda items are required to register the day before. I assume these speakers are in addition to the open microphone speakers at the beginning and end of the meeting.
 - When will they speak? During the meeting itself? I read the rules to say if a speaker speaks one time at any time he cannot speak again. Is that correct? If so, that will need to be strictly enforced.
