# FINANCIAL FORECAST REPORT

The Financial Forecast Report (FFR) provides a summary of financial activity through July 31, 2021, for the General Fund and other annual operating funds of the City. The Adopted Budget column reflects the budget adopted by City Council on September 23, 2020, effective October 1, 2020, through September 30, 2021. The Amended Budget column reflects City Council-approved transfers between funds and programs, department-initiated transfers between expense objects, approved use of contingency, and other amendments supported by revenue or fund balance.

Year-to-date (YTD) actual amounts represent revenue or expenses/encumbrances that have occurred through the end of the most recent accounting period. Departments provide the year-end (YE) forecast, which projects anticipated revenues and expenditures as of September 30, 2021. The variance is the difference between the FY 2020-21 amended budget and the YE forecast. Variance notes are provided when the YE forecast is +/- five percent of the amended budget and/or if YE expenditures are forecast to exceed the amended budget.

#### General Fund Overview

The General Fund overview provides a summary of financial activity through July 31, 2021.

	FY 2020-21 Adopted Budget	FY 2020-21 Amended Budget	YTD Actual	YE Forecast	Variance
Beginning Fund Balance	\$235,992,351	\$235,992,351		\$250,424,498	\$14,432,147
Revenues	1,437,039,483	1,481,897,935	1,279,935,004	1,483,635,969	1,738,034
Expenditures	1,437,039,483	1,481,897,935	1,149,220,959	1,470,408,790	(11,489,145)
Ending Fund Balance	\$235,992,351	\$235,992,351		\$263,651,677	\$27,659,326

**Fund Balance.** As of July 31, 2021, the beginning fund balance for the adopted and amended budgets and YE forecast reflects the FY 2019-20 audited unassigned ending fund balance and includes FY 2019-20 YE savings.

**Revenues.** Through July 31, 2021, General Fund revenues are projected to be \$1,738,000 over budget primarily due to property tax revenues forecast to be \$15,392,000 over budget. This is primarily because supplemental property values are significantly higher than the certified values the appraisal districts provided last summer. This is partially offset by operating transfers projected to be under budget.

**Expenditures.** Through July 31, General Fund expenditures are projected to be \$11,489,000 under budget primarily due to salary savings from vacant non-uniform positions across all General Fund departments.

**FY 2020-21 Amended Budget.** City Council amended the General Fund budget on June 9, 2021, by ordinance #31884 for mid-year appropriation adjustments. City Council further amended the General Fund budget on September 9, 2021 by ordinance #31986 for end-of-year appropriation adjustments.

#### **VARIANCE NOTES**

General Fund revenue variance notes are provided below for revenue categories with YE forecast variances of +/- five percent and revenue with an amended budget.

- **1 Property Tax.** City Council increased the property tax budget by \$5,171,316 on September 9 as part of the end-of-year appropriations adjustment process. Revenues are forecast to be \$15,392,000 over budget primarily because supplemental property values are significantly higher than the certified values due to a record number of protests at the time of certification.
- **2 Sales Tax.** City Council increased the sales tax budget by \$8,749,000 on June 9 as part of the mid-year appropriations adjustment process. The budget was increased again by \$30,938,000 on September 9 through the end-of-year appropriations adjustment process.
- **3 Fines and Forfeitures.** Revenues are forecast to be \$1,461,000 over budget primarily due to an increase in civil citation payments and dispositions.
- **4 Operating Transfers In.** Revenues are forecast to be \$21,383,000 under budget primarily because General Fund revenue is forecast to exceed the budgeted amount, eliminating the need for the Sports Arena and Revenue Stabilization Fund transfers.
- **5 Intergovernmental** Revenues are forecast to be \$1,356,000 over budget primarily due to larger-than-budgeted payments through DFW Airport revenue-sharing agreements.
- **6 Miscellaneous.** Revenues are forecast to be \$3,188,000 over budget primarily due to auction sales exceeding budget (\$3,639,000) and an unbudgeted legal settlement with ATTPAC (\$330,000). This is partially offset by reduced revenues associated with new Transportation (TRN) engineering review fees (\$1,163,000).
- **7 Interest.** Revenues are forecast to be \$3,041,000 under budget primarily due to the Federal Reserve lowering interest rates.

#### **VARIANCE NOTES**

General Fund expenditure variance notes are provided below for expenditure categories with YE forecast variances of +/- five percent. The Amended Budget column reflects department-initiated transfers between expense objects.

- **1 Personnel Services.** Personnel services are forecast to be \$12,685,000 under budget primarily due to salary savings from non-uniform employees across all General Fund departments.
- **2 Supplies.** Supplies are forecast to be \$4,783,000 over budget primarily due to an increase in major accidents causing vehicle repairs coupled with an increase in proactive preventive maintenance on DFR fleet for apparatus/ambulances, the purchase of medical PPE and usage of medical supplies for staff at COVID-19 vaccination clinics, higher-than-budgeted uniform and equipment expenses for existing DPD uniform employees, and a Housing Street Reconstruction project that will be fully reimbursed by Community Development Block Grant (CDBG) funds within the Public Works Department.
- **3 Contractual Services.** Contractual services are forecast to be \$2,787,000 over budget due to maintenance work related to COVID-19 not completed by December 30 and various concrete projects completed by a contractor due to Public Works (PBW) staff working on a Housing Street Reconstruction project that will be fully reimbursed by CDBG funds. This is partially offset by savings in master lease drawdowns and a reduced annual TIF district payment.
- **4 Capital Outlay.** Capital outlays are forecast to be \$2,430,000 over budget due to the purchase of a new generator for the jail facility (\$350,000), refrigerant replacement (\$415,000), and the replacement of HVAC units at multiple locations.

**5 Reimbursements.** Reimbursements are forecast to be \$8,804,000 better than budget due to an unbudgeted reimbursement from Community Development Block Grant funds to cover a street operations project (\$4,087,000) and reimbursements from the Federal Emergency Management Agency (FEMA) for DPD's (\$2,780,000) and DFR's (\$2,260,000) vaccination efforts.

The Enterprise, Internal Service, and Other Funds summaries include the beginning fund balance with the YE revenue and expenditure forecasts. As of July 31, 2021, the beginning fund balance for the adopted and amended budgets and YE forecast reflects the FY 2019-20 audited unassigned ending fund balance and includes FY 2019-20 YE savings. Variance notes are provided below for funds with a YE forecast variance of +/- five percent, YE forecast projected to exceed budget, or projected use of fund balance.

- **1 Aviation.** City Council increased AVI's budget by \$6,323,000 on June 9 by ordinance #31884 as part of the mid-year appropriations adjustment process due to higher expenses than budgeted, offset by increased revenue. City Council further increased AVI Transportation Regulation budget by \$83,000 on September 9 by ordinance #31986 as part of the end-of-year appropriations adjustment process due to a contract for the FastTrack software.
- **2 Convention and Event Services.** CCT revenues and expenses are projected to be \$15,712,000 under budget due to various event cancellations as a result of COVID-19.
- **3 Municipal Radio.** WRR revenues are projected to be \$603,000 under budget due to the loss of arts-related advertising revenues as a result of COVID-19. Similarly, expenses for personnel services are projected to be \$211,000 under budget primarily due to lower sales commissions as a result of lower ad sales. WRR anticipates using fund balance to offset lost revenue.
- **4 Sanitation Services.** City Council increased SAN's budget by \$811,000 on February 24 by resolution #21-0383 for restoration work related to the use of a temporary storm debris staging area after the October 2019 tornado. City Council increased SAN's budget again by \$2,405,000 on June 9 by ordinance #31986 as part of the mid-year appropriations adjustment process due to the use of fund balance to offset lost revenue and the increased expenses associated with the shingle cleanup at the former Blue Star Recycling facility.
- **5 Storm Drainage Management DWU.** City Council increased SDM's budget by \$2,500,000 on September 9 by ordinance #31986 for the purchase of equipment and additional transfers to the capital construction fund.
- **6 Sustainable Development and Construction.** City Council increased DEV's budget by \$2,000,000 on January 27 by resolution #21-0266 to authorize a professional services contract for supplemental permit plan review and inspection services. DEV's expenses are projected to be \$596,000 under budget primarily due to the elimination of POSSE system upgrades and reduced costs for the workflow evaluation staffing study. DEV's revenues are projected to be \$1,738,000 over budget due to higher-than-budgeted permit activity.
- **7 Water Utilities.** DWU revenues are projected to be \$25,019,000 under budget primarily because of the third of three annual credits issued to wholesale customers as a result of the Sabine River Authority settlement, as well as an increase in unpaid utility bills, elimination of past-due fees associated with COVID-19, and decreased water usage resulting from significant rainfall. DWU expenses are projected to be \$25,019,000 under budget primarily due to salary savings, decreased street rental payments, and reduced capital construction transfers. DWU anticipates the further use of fund balance to offset additional lost revenue.
- **8 Bond and Construction Management.** BCM revenues and expenses are projected to be \$2,425,000 under budget primarily due to salary savings associated with 39 vacant positions. BCM charges each capital project budget for project implementation costs. Savings in actual implementation expenses result in fewer charges to the capital project.

- **9 911 System Operations.** City Council increased 911's budget by \$397,000 on June 9 by ordinance #31884 due to the delayed implementation of the Next Generation 911 System to FY 2020-21 after being budgeted in FY 2019-20. 911 revenues are projected to be \$989,000 over budget due to the collection of wireline fees from previous fiscal years.
- **10 Employee Benefits.** Revenues are projected to be \$10,806,000 over budget due to increased enrollment in flexible spending accounts and higher-than-projected supplemental life insurance. Expenses are projected to be \$2,109,000 over budget due to increased employee participation in flexible spending accounts which is partially offset by other health benefit expenses being under budget due to a better claim experience and a CVS rebate.
- **11 Risk Management.** ORM expenses are projected to be \$16,487,000 under budget primarily due to a delay in anticipated claims expenses from FY 2020-21 to FY 2021-22 and a positive recovery resulting in a lower-than-expected payout.

# **ECONOMIC INDICATORS**

#### Sales Tax

The current sales tax rate is 8.25 percent—6.25 percent goes to the state, one percent to the City, and one percent to DART. In FY 2019-20, the City received \$310,738,000 in sales tax revenue. The FY 2020-21 budget was \$296,324,365. We have since amended the budget and forecast to \$336,012,000. City Council increased the sales tax budget by \$8,749,000 on June 9 as part of the mid-year appropriations adjustment process. The budget was increased again by \$30,938,000 on September 9 through the end-of-year appropriations adjustment process. There are two more months of receipts in the fiscal year. We will update the forecast as additional information becomes available.

The charts in this section provide more information about sales tax collections.

Note: Net sales tax payments by industry do not include the City's self-reported sales tax numbers.

The retailing process is the final step in the distribution of merchandise, so retailers are organized to sell merchandise in small quantities to the general public.

Wholesale Trade. Includes establishments engaged in wholesaling merchandise, generally without transformation, and rendering services incidental to the sale of merchandise. Wholesalers are organized to sell or arrange the purchase or sale of (a) goods for resale to other wholesalers or retailers, (b) capital or durable nonconsumer goods, and (c) raw and intermediate materials and supplies used in production.

**Accommodation and Food Services.** Includes establishments providing customers with lodging and/or preparing meals, snacks, and beverages for immediate consumption.

**Information.** Includes establishments engaged in (a) producing and distributing information and cultural products, (b) providing the means to transmit or distribute these products as well as data or communications, and (c) processing data.

**Construction.** Includes establishments primarily engaged in the construction of buildings or engineering projects (e.g. highways and utility systems). Establishments primarily engaged in the preparation of sites for new construction or in subdividing land for sale as building sites are also included in this sector.

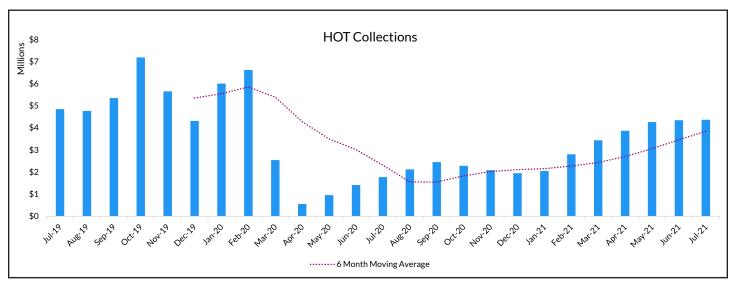

**Utilities.** Includes establishments providing electric power, natural gas, steam supply, water supply, and sewage removal.

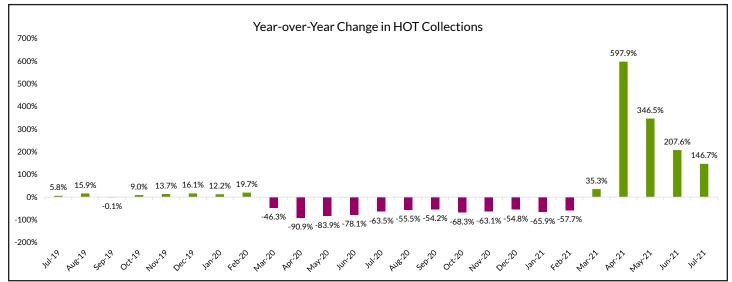

All Others. Includes but is not limited to manufacturing, professional and business services, financial activities, education and health services, and natural resources and mining.

# **ECONOMIC INDICATORS**

### Hotel Occupancy Tax

The City collects hotel occupancy taxes (HOT) on hotel, motel, bed and breakfast, and short-term rentals in the city limits. The HOT rate in Dallas is 13 percent of the cost of the room (not including food served or personal services not related to cleaning and readying the space for the guest)—six percent goes to the state, and seven percent goes to the City. HOT is the largest single revenue source for the Kay Bailey Hutchison Convention Center, and data is typically updated every two months.

### Convention Center Event Bookings

The table below lists the number of actual, planned, and forecast events at the KBHCCD for the last three fiscal years. Please note if no event takes place, it results in an equal reduction in revenue and expenses.

November	2	11	6	1
December	9	5	7	2

### Love Field Enplanements

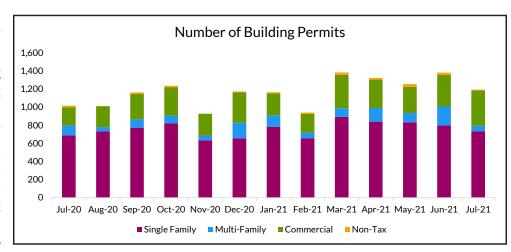

An enplanement is when a revenue-generating passenger boards an aircraft. Enplanements are the most important air traffic metric because enplaned passengers directly or indirectly generate 80 percent of Aviation revenues. Typically, Aviation generates only 20 percent of total operating revenues from non-passenger-related activities.

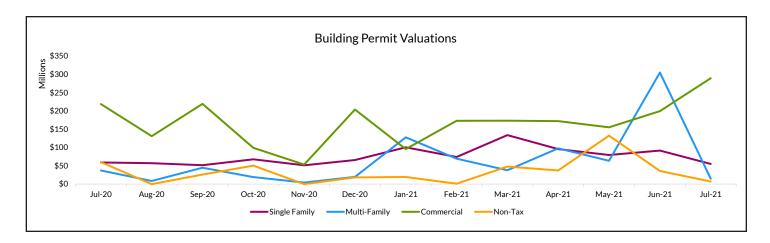

# **ECONOMIC INDICATORS**

## **Building Permits**

Building permits (required for all construction in Dallas) can provide insight into upcoming activity in the housing market and other areas of the economy. Permits are a key indicator of the confidence developers have in the economy; likewise, a decline can indicate developers do not anticipate economic growth in the near future. In some cities, this measure may

be a leading indicator of property tax value growth, but in Dallas, the property tax forecast model includes other variables like wage/job growth, housing supply, gross domestic product, population, vacancy rates, and others.

# DALLAS 365

The Dallas 365 initiative aligns 35 key performance measures to our eight strategic priorities. The department responsible for each measure is noted at the end of the measure's description, and last year's performance is included if available. If FY 2019-20 data is not available, N/A is listed.

Year-to-date (YTD) and year-end (YE) targets are presented for each measure. YTD targets may vary based on seasonality of the work. Each month, we compare 1) the YTD target with the actual performance for the current reporting period and 2) the YE target with the department's forecasted performance as of September 30, 2021.

Measures are designated "on target" (green) if actual YTD performance is equal to or greater than the YTD target. If

Year-to-Date

12
Not on Target

actual YTD performance is within five percent of the YTD target, it is "near target" (yellow). Otherwise, the measure is designated "not on target" (red). The same methodology applies to YE forecasts. Variance notes are provided for each red measure.

#### **VARIANCE NOTES**

- **#3.** As of August 30, DEV estimates residential permit review times at five weeks for first review. Five vacancies in the residential review team coupled with a large influx of applications has caused an increase in wait time. Applications are being diverted to third party reviewers to assist. DEV anticipates three week review times once process improvements are fully implemented.
- **#5.** As of July 31, 65 of 136 milestones are complete with an additional 68 milestones in progress. Some milestones in progress are tied to the Urban Agriculture Plan, approved by City Council on August 25, and the Local Solid Waste Management Plan Update. OEQ has met with all involved City departments and anticipates completing 126 milestones by the end of September.
- **#7.** SAN continues to be impacted by the higher than usual municipal solid waste volumes and the ability to fill vacancies which have resulted in an increase in missed service calls. A new temporary laborer staffing agency began on August 16 and operation processes have been improved to mitigate service impacts. SAN anticipates staffing to gradually return to normal by early September.
- **#8.** In addition to continued software and IVR malfunctions, staffing shortages have impacted performance. 311 is working with HR to fill vacancies and have had five interviews, four job offers, and two job acceptances in July. Additionally, 311's new software is in the final stage of implementation and anticipated to be deployed by September.
- **#10.** Contractor capacity and construction delays continue to adversely impact performance. HOU has closed 10 additional projects in July and will close additional applications as contractors become available.

#### FY 2020-21 Dallas 365

- **#14.** DFR's four closed fire stations continue to impact response times due to displaced apparatus. One of the four stations will be back in service by September 2021. DFR is also using temporary stations to mitigate response time.
- **#16.** DPD continues to balance the resource needs of call response times with proactive crime fighting efforts, which have resulted in violent crime reductions. DPD strives to answer 60% of priority 1 calls in under 8 minutes while also continuing the successful implementation of our crime reduction plan.
- **#17.** Low staffing levels during most of the fiscal year and the Covid-19 pandemic have impacted performance levels. 469 applicants for the 911 position have been interviewed since January 1, 2021 and 45 remaining candidates are at various stages of the background process. As of August 27, 911 Call Taker staffing is at 95%. The 911 call center anticipates calls answered within 10 seconds to average 68% by the end of the fiscal year.
- **#24.** Overall circulation of LIB materials, including technology devices, is down compared to last year because of COVID-19 closures and limited services. At any time, 80% of the 100 Chromebook technology bundles (paired with a hot spot) are checked out, and approximately 90% of the remaining individual hot spots are in use. LIB continues to revise its marketing tactics to increase awareness. July's technology circulation increased by 19.6% over June.
- **#27.** PKR anticipated resuming TRec programming in April, but delayed because of continued COVID-19 precautions. Programming resumed at 13 locations on June 25 and has had 1,891 participants through July.
- **#30.** Multiple weather events from November to February, particularly Winter Storm Uri, slowed anticipated construction schedules. Finalizing previously programmed projects also impacted performance. PBW anticipates completing 618 planned lane miles by the end of the fiscal year.
- **#35.** EQU diverted resources in February and March to reviewing "Budgeting for Equity" submissions for the FY 2021-22 proposed budget, which caused a delay in the Equity Indicators alignment process. An additional seven departments will be reflected in the August report and EQU anticipates completing the targeted 33 departments by September.

# **BUDGET INITIATIVE TRACKER**

The Budget Initiative Tracker reports on 35 activities included in the FY 2020-21 budget.
