BACKGROUND

This action does not encumber funds; the purpose of a service contract is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis.

This service contract will provide for access to homeless recovery services for the Office of Homeless Solutions. These services enable individuals to secure independent housing, secure competitive

employment, build or improve existing relationships, and achieve and maintain ongoing recovery from medical, mental health, and substance use disorders. The funding for the services are provided through Healthy Community Collaborative funds received by the City for the Texas Health and Human Services Commission.

A four-member committee from the following departments reviewed and evaluated the qualifications:

- Office of Arts and Culture (1)
- Office of Economic Development (1)
- Office of Homeless Solutions (1)
- Office of Procurement Services (1)*

*The Office of Procurement Services evaluated cost and local preference, if applicable.

The committee selected the successful respondents on the basis of demonstrated competence and qualifications under the following criteria:

- Experience 40 Points
- Approach 40 points
- Cost and timeframe 20 points

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors.

On November 10, 2015, the City Council authorized a living wage policy that requires contractors to pay their employees a “living wage” rate as established annually by the Massachusetts Institute of Technology Living Wage Calculator for Dallas County by Resolution No. 15-2141. The calculated living wage during the solicitation process of this contract is \$17.82; the selected vendor meets this requirement.
