BACKGROUND

On June 25, 2014, the City Council authorized the assessment and collection of property taxes for

the City of Dallas to be handled by the Tax Assessor-Collector of the County of Dallas and authorized the City to enter into a Interlocal Cooperative Contract with the county in order to eliminate duplication of the costs and assessment and collection of taxes and associated administrative functions to increase government efficiency by Resolution No. 14-1002.

It is now necessary to amend the Contract to reflect additional duties, obligations, responsibilities, and agreements between Dallas County and the City of Dallas relative to the collection of: **(1)** public improvement district (PID) or other special district assessments created by the City of Dallas; and **(2)** land-based liens and related receivables (LBRs) filed and perfected by the City of Dallas, which liens may encumber various properties that are the subject of a tax foreclosure lawsuit filed by Dallas County on behalf of the itself, and other taxing jurisdictions for whom it collects, including the City of Dallas.
