BACKGROUND

This action does not encumber funds; the purpose of a cooperative purchasing agreement is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This cooperative purchasing agreement will provide for citywide disposal of confiscated, biologically hazardous, environmentally hazardous and non-hazardous materials and bio-hazardous decontamination and spill clean-up service. Hazardous and non-hazardous materials disposed through this contract include but are not limited to:

- Blood
- Body fluids
- Corrosive/flammable materials
- Liquor, beer, and wine
- Ammunition and fireworks
- Automobile and equipment solid batteries

Disposal services also include the collection and disposing of used and spilled cleaning materials, paints and pesticides to avoid City employee exposure to such materials and to ensure compliance with the Environmental Management Program. These products need to be disposed in accordance with specifications for toxic hazardous substances separately from the City's regular solid waste pickup and materials recycling. Bio-hazardous decontamination and spill clean-up service contract provides the City with decontamination services for incidents involving hazardous substance spills and areas of the City affected by homeless encampments.

The Dallas/Fort Worth International Airport and the Texas Department of Transportation interlocal agreements are cooperative agreements are authorized by Chapter 791 of the Texas Government Code and Subchapter F, Chapter 271, Texas Local Government Code. Section 271.102 of the Texas Local Government Code which authorizes a local government to participate in a Cooperative Purchasing Program with another local government or a local cooperative organization.
