STRATEGIC PRIORITY: Government Performance and Financial Management

AGENDA DATE: December 8, 2021

COUNCIL DISTRICT(S): 6, Outside City Limits

DEPARTMENT: Office of Procurement Services

EXECUTIVE: Elizabeth Reich

SUBJECT

Authorize a three-year service price agreement for the purchase of bulk anhydrous ammonia and ammonia tank evacuation, cleaning, and inspection services for the Water Utilities Department - Shrieve Chemical Company, only bidder - Estimated amount of \$1,707,925 - Financing: Dallas Water Utilities Fund

BACKGROUND

This action does not encumber funds; the purpose of a service price agreement is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This service price agreement will provide for the purchase of bulk anhydrous ammonia and ammonia tank evacuation, cleaning, and inspection services for the Water Utilities Department (DWU). Anhydrous ammonia purchased through this agreement is certified in accordance with National

Sanitation Foundation International and American National Standard Institute 60 for drinking water treatment chemicals. Anhydrous Ammonia is used in the disinfection process to meet regulatory compliance as required by the Environmental Protection Agency (EPA) and Texas Commission on Environmental Quality (TCEQ). DWU provides drinking water to over 2.4 million residents in the City of Dallas and its surrounding communities. Proper disinfection is necessary to ensure the safety and quality of drinking water in the distribution system.

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors.

On November 10, 2015, the City Council authorized a living wage policy that requires contractors to pay their employees a “living wage” rate as established annually by the Massachusetts Institute of Technology Living Wage Calculator for Dallas County by Resolution No. 15-2141. The current calculated living wage during the solicitation process of this contract is \$15.21; the selected vendor meets this requirement.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)

On December 13, 2017, City Council authorized a three-year master agreement for the purchase of anhydrous ammonia for Dallas Water Utilities with Shrieve Chemical Company by Resolution No. 17-1877.

On January 10, 2018, City Council authorized a three-year service contract for tank evacuation, cleaning, and inspection services for the Water Utilities Department with Action Environmental, LLC dba Team Action, LLC by Resolution No. 18-0085.

FISCAL INFORMATION

Fund	FY 2022	FY 2023	Future Years
Dallas Water Utilities Fund	\$569,307.00	\$569,308.00	\$569,310.00
