**SUBJECT**

Authorize a one-year service contract with two, one-year renewal options for Tenth Street home improvement rehabilitation services for the Department of Housing and Neighborhood Revitalization - Miko Trucking, Inc., most advantageous proposer of two - Not to exceed \$749,549.10 - Financing: Equity Revitalization Capital Fund

**BACKGROUND**

This action does not encumber funds; the purpose of a service contract is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis.

This service contract will provide for home improvement rehabilitation services for the Department of Housing and Neighborhood Revitalization. Properties that qualify for assistance are determined by the guidelines established by the Targeted Rehab Program (TRP). The TRP utilizes common framework for development that allows the department to focus on issues with different constraints including:

- Age or type of dwelling unit
- Age of applicant
- Blight on the surrounding neighborhood
- Changing markets
- Funding source
- Geography
- Specific issue - code violation
- Special status - historic

The Tenth Street Historic District Targeted Rehab Sub-Program Module (“Tenth Street TRP”) is directed to aid homeowners who occupy their homes in Tenth Street Historic District who have home improvement needs but are financially unable to address them. The amount per property is not to exceed \$20,000.00 and aims to serve approximately 35 homeowners.

A six-member committee from the following departments reviewed and evaluated the qualifications:

- Department of Housing and Neighborhood Revitalization (3)
- Department of Planning and Urban Design (1)
- Office of Economic Development Business Workforce and Inclusion Division (1)\*
- Office of Procurement Services (1)\*

\*The Office of Procurement Services evaluated cost and local preference, if applicable. The Office of Economic Development Business Workforce and Inclusion Division only evaluated the Business Inclusion and Development Policy.

The committee selected the successful respondent on the basis of demonstrated competence and qualifications under the following criteria:

- Experience 30 points
- Cost 30 points
- Approach 25 points
- Business Inclusion and Development Policy 15 points

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors.

On November 10, 2015, the City Council authorized a living wage policy that requires contractors to pay their employees a “living wage” rate as established annually by the Massachusetts Institute of Technology Living Wage Calculator for Dallas County by Resolution No. 15-2141. The current calculated living wage during the solicitation process of this contract is \$12.38; the selected vendor meets this requirement.
