**AGENDA DATE:** December 9, 2020

**COUNCIL DISTRICT(S):** 6

**DEPARTMENT:** Water Utilities Department

**EXECUTIVE:** Majed Al-Ghafry

**SUBJECT**

Authorize Supplemental Agreement No. 1 to the professional services contract with Halff Associates, Inc. to provide additional engineering and architectural services for a replacement Stormwater Operations Center to be located at 2245 Irving Boulevard - Not to exceed \$537,576.23, from \$2,221,742.32 to \$2,759,318.55 - Financing: Storm Drainage Management Capital Construction Fund

**BACKGROUND**

The Stormwater Operations Division of the Dallas Water Utilities operates and maintains the City's drainage system that includes public creeks, rivers and associated infrastructure. This includes 11 storm drainage pump stations with a pumping capacity of 2.8 billion gallons per day, 1,963 miles of storm drainage pipes and 170 miles of earthen and concrete creek channels. A significant portion of stormwater operations and maintenance activities are performed from the facilities currently located at 2255 Irving Boulevard.

The facilities located at this site were constructed in the 1940's. They do not meet current City Codes,

**Halff Associates, Inc.**

Mark Edwards, President/Chief Executive Officer
