STRATEGIC PRIORITY: Government Performance and Financial Management

AGENDA DATE: November 11, 2020

COUNCIL DISTRICT(S): All

DEPARTMENT: Office of Procurement Services

EXECUTIVE: Elizabeth Reich

SUBJECT

Authorize a three-year master agreement for original equipment manufacturers parts and accessories for water and wastewater equipment for the Water Utilities Department - Fin-Tek Corporation dba Fin-Tek Ozone in the estimated amount of \$159,300 and Municipal Valve & Equipment Company, Inc. in the estimated amount of \$13,500, lowest responsible bidders of seven - Total estimated amount of \$172,800 - Financing: Dallas Water Utilities Fund

BACKGROUND

This action does not encumber funds; the purpose of a master agreement is to establish firm pricing for goods, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This master agreement provides original equipment manufacturers parts and accessories for water

and wastewater equipment. These parts are used for the maintenance and repair of existing equipment such as lime slakers, grit removers, vacuum breakers, chlorinators, belt filter presses, evaporators, and pumps. This master agreement is only utilized to supply parts for equipment that must be repaired with original equipment manufacturers parts to maintain equipment under warranty.

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors. Additionally, in an effort to secure more competition, the Office of Economic Development Business Workforce and Inclusion Division sent notifications to chambers of commerce and advocacy groups to ensure maximum vendor outreach.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)

On June 28, 2017, City Council authorized a three-year master agreement for original equipment manufacturers parts and accessories for water/wastewater pre-existing equipment with Environmental Improvements, Inc., Hartwell Environmental Corporation, Simba Industries, Cole-Parmer Instrument Company LLC, Fin-Tek Corporation, and Municipal Valve & Equipment Company, Inc. by Resolution No. 17-1044.
