STRATEGIC PRIORITY: Government Performance & Financial Management

AGENDA DATE: June 26, 2024

COUNCIL DISTRICT(S): All

DEPARTMENT: Office of Procurement Services

EXECUTIVE: Donzell Gipson

SUBJECT

Authorize a three-year service price agreement for wet well, pump station, and stormwater drain pipe inspection and cleaning services for the Water Utilities Department - Acme Utility Inspection Services, Inc., lowest responsible bidder of three - Estimated amount of \$4,479,000.00 - Financing: Stormwater Drainage Management Fund (subject to annual appropriations)

BACKGROUND

This action does not encumber funds; the purpose of a service price agreement is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This service price agreement will provide for wet well, pump station, and stormwater drain pipe inspection and cleaning services for the Water Utilities Department. Pump station wet wells must be inspected for silt and debris. This silt and debris must be removed from the well to prevent damage to

the pumps. Pump failures are expensive to repair and could cause flooding.

Stormwater pipes require inspection and removal of debris and blockages that could cause neighborhood and street flooding. Inspections also reveal damaged pipes that may require repair.

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors.

On November 10, 2015, the City Council authorized a living wage policy that requires contractors to pay their employees a “living wage” rate as established annually by the Massachusetts Institute of Technology Living Wage Calculator for Dallas County by Resolution No. 15-2141. The calculated living wage during the solicitation process of this contract is \$18.24; the selected vendor meets this requirement.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)

On January 9, 2019, the City Council authorized a three-year service price agreement for wet well, pump stations, and stormwater drain pipe inspections and cleaning services for the Dallas Water Utilities Department with Pipeline Video Inspection LLC dba AIMS Companies by Resolution No. 19-0094.
