SUBJECT

Authorize a construction services contract for the construction of the Coombs Creek Trail Extension Project from JR Drive to Beckley Avenue - RoeschCo Construction, LLC, lowest responsible bidder of two - Not to exceed \$3,852,762.50 - Financing: Street and Transportation (A) Fund (2017 General Obligation Bond Fund) (\$2,177,762.50) and Capital Projects Reimbursement Fund (\$1,675,000.00)

BACKGROUND

This action will authorize a construction services contract with RoeschCo Construction, LLC for the construction of the Coombs Creek Trail Extension Project from JR Drive to Beckley Avenue. The scope consists of a 12-foot wide concrete trail that extends from the existing Coombs Creek Trail turning north to cross Coombs Creek with a low-water path bridge, turns east along the north levee, runs along the existing alley alignment, and crosses Beckley Avenue at a High Intensity Activated Crosswalk traffic signal immediately south of the alley and Della Street. The construction cost for the Coombs Creek Trail Extension Project is \$3,852,762.50, of which Dallas County will fund \$1,675,000.00 and the City will be responsible for the remaining \$2,177,762.50 including any cost overruns.

RoeschCo Construction, LLC is a Frisco-based corporation and is a registered vendor with the City of Dallas.

The following chart illustrates RoeschCo Construction, LLC’s contractual activities with the City of Dallas for the past three years:

Active Projects	0	0	2	0
Change Orders	0	0	4	0

If this project is not awarded for construction at this time, the existing Coombs Creek Trail will end at its current trail turnaround, remaining 8-ft wide from JR Drive, and it will not include the 2,000 linear feet of upgraded and new 12-ft wide shared use path with a bridge overlooking Coombs Creek and a High Intensity Activated Crosswalk traffic signal to cross Beckley Avenue. Field conditions may also change, which will require modifications to the engineering design plans, requiring additional funding and time to address.
