BACKGROUND

The Texas School Safety Center Tobacco Enforcement Grant provides funding to support the enforcement and the reporting of tobacco compliance activities for the purpose of reducing youth access to tobacco products. The grant activities include retailer controlled buys ("stings"), to ensure compliance with the Texas Health and Safety Code, Chapter 161, Sec. 161.082 - sale of cigarettes, e-cigarettes or tobacco products to persons younger than 21 years of age prohibited: Proof of age required.

Ongoing and consistent enforcement initiatives that involve on-site compliance inspections of cigarette or tobacco retail outlets will be required by law enforcement officers and may result in the issuance of citations.

The funding agency requires monthly enforcement activity reports and financial status reports to be provided to the Texas School Safety Center contractor for the Texas State University System.
