STRATEGIC PRIORITY: Government Performance and Financial Management

AGENDA DATE: December 8, 2021

COUNCIL DISTRICT(S): N/A

DEPARTMENT: Office of Procurement Services

EXECUTIVE: Elizabeth Reich

SUBJECT

Authorize a three-year consultant contract for risk management and insurance consulting services for the Office of Risk Management - Arthur J. Gallagher Risk Management Services, Inc., most advantageous proposer of five - Estimated amount of \$195,000 - Financing: Risk Management Fund (subject to annual appropriations)

BACKGROUND

This action does not encumber funds; the purpose of a consultant contract is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This consultant contract will provide for risk management and insurance consulting services for the Office of Risk Management. The contract will engage the services of a firm to provide consulting, and technical assistance which will encompass all phases of risk management services for the City's

operations. The services include the review of coverage for the property insurance program, excess workers compensation insurance, excess liability insurance, risk transfer consulting, market assistance with insurance requirements for contractors, and the review of insurance companies' financial stability.

A five-member committee from the following departments reviewed and evaluated the qualifications:

- City Controller's Office (1)
- Court and Detention Services (1)
- Office of Risk Management (2)
- Office of Procurement Services (1)*

*The Office of Procurement Services only evaluated the cost and local preference, if applicable.

The committee selected the successful respondent on the basis of demonstrated competence and qualifications under the following criteria:

- Experience, capability, and expertise 35 points
- Overall approach and methodology 30 points
- Cost 30 points
- Local Preference 5 points

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors.

On November 10, 2015, the City Council authorized a living wage policy that requires contractors to pay their employees a "living wage" rate as established annually by the Massachusetts Institute of Technology Living Wage Calculator for Dallas County by Resolution No. 15-2141. The current calculated living wage during the solicitation process of this contract is \$12.38; the selected vendor meets this requirement.
