BACKGROUND

This action will authorize a professional engineering services contract with Criado & Associates, Inc., for the design of traffic signals at six intersections and other related tasks.

The following signals will be designed with this contract:

<u>Intersection</u>	<u>Council District</u>
Harry Hines Boulevard and Regal Row/Burbank Street	2
Corinth Street and South Ervay Street	2
North Buckner Boulevard and Peavy Road	2, 7
Buckner Boulevard and Elam Road	5
Buckner Boulevard and Chariot Drive/Moberly Lane	7
John West Road and La Prada Drive/Big Town Boulevard	7

In August 2022, the City of Dallas released a Request for Proposals (RFP) through questionnaire to shortlisted firms for engineering services for traffic engineering and intelligent transportation systems services.

A three-member committee from the Department of Transportation reviewed and evaluated the proposals. The successful proposer was selected by the committee based on demonstrated competence and qualifications under the following criteria:

1 Experience and Capability	35 points
2 Responsiveness and Qualifications	30 points
3 Business Inclusion & Development Policy	15 points
4 Quality Assurance and Control	10 points
5 Current Projects and Litigations	10 points

Coronavirus State and Local Fiscal Recovery Funds are eligible within the Qualified Census Tract areas to improve various intersections to promote the safety of all right-of-way users including motorist, cyclists, and pedestrians.

ESTIMATED SCHEDULE OF PROJECT

Begin Design	March 2024
Complete Design	February 2025
