SUBJECT

Authorize a three-year master agreement for aftermarket auto parts - IEH Auto Parts, LLC dba Auto Plus Auto Parts in the estimated amount of \$2,207,541.05, MHC Kenworth dba Texas Kenworth/dba MHC Kenworth in the estimated amount of \$1,062,785.75, Installers Sales & Service in the estimated amount of \$626,190.00, 4-Star Hose & Supply, Inc. in the estimated amount of \$381,767.98, Park Cities Ford in the estimated amount of \$56,101.84, Interamerican Motor, LLC in the estimated amount of \$22,334.00, and Alterstart Systems, Inc. in the estimated amount of \$26,662.90, lowest responsible bidders of eight - Total estimated amount of \$4,383,383.52 - Financing: Equipment and Fleet Management Fund (\$3,283,705.00), General Fund (\$452,990.56), Sanitation Operation Fund (\$253,000.00), Dallas Water Utilities Fund (\$216,605.00), Confiscated Funds (\$122,097.96), Communications Services Fund (\$29,000.00), Stormwater Drainage Management Fund

(\$18,500.00), and Aviation Fund (\$7,485.00)

BACKGROUND

This action does not encumber funds; the purpose of a master agreement is to establish firm pricing for goods, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement. We anticipate the following City departments will use this agreement:

- Department of Code Compliance
- Department of Equipment and Fleet Management
- Department of Information and Technology Services
- Department of Public Works
- Department of Sanitation Services
- Department of Transportation
- Fire-Rescue Department
- Park & Recreation Department
- Police Department
- Water Utilities Department

This master agreement will provide for the purchase of aftermarket automotive parts for the use on the City’s fleet of light, medium, and heavy-duty trucks, automobiles, and other equipment.

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors. Additionally, in an effort to secure more competition, the Office of Business Diversity sent notifications to chambers of commerce and advocacy groups to ensure maximum vendor outreach.
