The Dallas City Council on May 9, 2018, adopted the Comprehensive Housing Policy (CHP) by Resolution Nos. 18-0704 and 18-1680, as amended on November 28, 2018, which provided a policy including evaluation criteria for developers requiring Resolutions of Support or No Objection for rental housing developments seeking Housing Tax Credits through TDHCA. On June 12, 2019, City Council authorized an amendment to the CHP to modify the evaluation criteria for developers requiring Resolutions of Support or No Objection for rental housing development seeking HTC through TDHCA by Resolution No. 19-0884. The modified evaluation criteria include standard thresholds for both 4% and 9% HTC applications such as evidence of site control, TDHCA minimum site standards, affirmatively further fair housing, and other requirements.

The evaluation criteria for 9% HTC applications seeking a Resolution of Support also requires applications meet a priority housing need of the City. The applications must meet at least one of the following six priorities:

- The project has been selected to receive City funding such as Community Development Block Grant, Housing and Urban Development HOME Funds, or General Obligation Bond Funding;
- The applicant intends to partner with the Dallas Housing and Finance Corporation or Public Facility Corporation (if created);
- The proposal involves the redevelopment of public housing owned by the Dallas Housing Authority under the Choice Neighborhoods, Rental Assistance Demonstration, HOPE IV, or other similar Housing and Urban Development programs that may be created;
- The project is located in a census tract with a poverty rate below 20%;
- The project located in a Redevelopment Reinvestment Strategy Area (RSA) or Stabilization RSA; and
- A 50-unit project dedicating 20% of the units for tenants referred from the Continuum of Care list.

Applications that do not qualify as a priority housing need must score at least 50 points based on if the proposed project is mixed income, includes a non-profit or HUB, its proximity of amenities to the development site, and resident services to be provided.

Dallas Stemmons Apartments is qualified to receive a staff recommendation for a resolution of support as it is a priority housing need development located in a census tract with a poverty rate less than 20% (Census Tract 48113009900) and met the required application thresholds. The proposed site has insufficient data to provide a Market Value Analysis market type, but is surrounded by B, D, and E market types.
