**STRATEGIC PRIORITY:** Government Performance and Financial Management  
**AGENDA DATE:** September 9, 2021  
**COUNCIL DISTRICT(S):** All  
**DEPARTMENT:** Office of Procurement Services  
**EXECUTIVE:** Elizabeth Reich

---

**SUBJECT**

Authorize Supplemental Agreement No. 4 for a five-year service price agreement for licensing, hosting, maintenance, and support for an electronic patient care reporting and data collection system for the Fire-Rescue Department - ImageTrend, Inc., sole source - Estimated amount of \$1,032,164.32 - Financing: General Fund

**BACKGROUND**

This action does not encumber funds; the purpose of a service price agreement is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This service price agreement will provide licensing, hosting, maintenance, and support for an electronic patient care reporting and data collection system. The electronic patient care reporting system captures and transmits critical data used for documenting patient care and transmitting patient information to receiving hospitals. The information collected also allows the Fire-Rescue Department to monitor quality management and billing processes for emergency medical services provided.

On November 10, 2015, the City Council authorized a living wage policy that requires contractors to pay their employees a "living wage" rate as established annually by the Massachusetts Institute of Technology Living Wage Calculator for Dallas County by Resolution No. 15-2141. The current calculated living wage during the solicitation process of this contract is \$12.38; the selected vendor meets this requirement.
