

Legislation Text

File #: 20-1437, Version: 1

STRATEGIC PRIORITY: Mobility Solutions, Infrastructure, and Sustainability

AGENDA DATE: September 23, 2020

COUNCIL DISTRICT(S): 2

DEPARTMENT: Department of Aviation

EXECUTIVE: Kimberly Bizer Tolbert

SUBJECT

Authorize an agreement with Southwestern Bell Telephone Company d/b/a AT&T Texas for the relocation and installation of telephone equipment, meters, and wiring necessary for the reconstruction of Runway 13R/31L at Dallas Love Field in accordance with the Federal Aviation Administration guidelines - Not to exceed \$75,507.99 - Financing: Aviation Passenger Facility Charge -Near term Projects Fund

BACKGROUND

The Department of Aviation, in accordance with the Federal Aviation Administration specifications and guidelines will be commencing a project to reconstruct Runway 13R/31L at Dallas Love Field. The surface of the runway must be reconstructed to meet federal guidelines and provide safety for airport operations and in order to begin reconstruction of the runway, Southwestern Bell Telephone Company d/b/a AT&T Texas must be granted access onto the airfield to relocate and reinstall equipment, wiring and utilities within the infrastructure area adjacent to the runway.

Runway 13R/31L was originally constructed in 1965 and serves as one of the primary runways for commercial and general aviation takeoffs and landings at Dallas Love Field. The runway was last rehabilitated in 1990. The scope includes but is not limited to demolition, removal, reconstruction, realignment, and relocation of runway material and utilities such as AT&T services to support the Reconstruction of Runway 13R/31L.
