**File #:** 23-2135, **Version:** 1

---

**STRATEGIC PRIORITY:** Transportation & Infrastructure

**AGENDA DATE:** September 27, 2023

**COUNCIL DISTRICT(S):** 3, 5, 7, 8

**DEPARTMENT:** Department of Transportation

**EXECUTIVE:** Dr. Robert Perez

---

### **SUBJECT**

Authorize a professional engineering services contract with HDR Engineering, Inc. to provide three traffic corridor studies at the following locations: Masters Drive from U.S. Highway 175 to Military Parkway, St. Augustine Road from U.S. Highway 175 to Military Parkway, and Camp Wisdom Road from Cockrell Hill Road to Interstate Highway 35 - Not to exceed \$853,093.32 - Financing: General Fund

### **BACKGROUND**

The Traffic Corridor Studies - Group 2 Project will evaluate traffic safety, traffic operations, and pedestrian accessibility along the following corridors: Masters Drive from U.S. Highway 175 to Military Parkway, St. Augustine Road from U.S. Highway 175 to Military Parkway, and Camp Wisdom Road from Cockrell Hill Road to Interstate Highway 35.

Masters Drive, St. Augustine Road, and Camp Wisdom Road are on the Vision Zero High Injury Network (HIN). The HIN identifies the city streets that account for a disproportionate number of fatal and severe crashes. To have the greatest impact on reaching the City's Vision Zero goal of eliminating traffic fatalities and reducing severe injuries, these streets should be prioritized in Vision Zero efforts. The first action item in the Vision Zero Action Plan is to conduct engineering safety evaluations for streets on the HIN to identify improvements that will address the severe crashes. These projects are a crucial step to advancing the City's Vision Zero goal.

On December 30, 2020, the City of Dallas issued a Request for Qualifications CIZ 1959 for architectural and engineering consulting services and subsequent Request for Proposals to shortlisted firms for Traffic Corridor Studies - Group 1, Group 2, and Group 3. The City received three proposals for the Traffic Corridor Studies - Group 2 Project from interested firms.

HDR Engineering, Inc. was selected by the review committee as the most highly qualified proposer to provide professional services for the Group 2 traffic corridor studies.

**ESTIMATED SCHEDULE OF PROJECT**

Begin Study                      October 2023  
Complete Study                October 2024

**PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)**

This item has no prior action.

**FISCAL INFORMATION**

Fund	FY 2023	FY 2024	Future Years
