BACKGROUND

This item authorizes settlement for the acquisition from TES-BIG RACK RANCH, INC., et al., of approximately 225,781 square feet of land located in Kaufman County, Texas for the Lake Tawakoni 144-inch Raw Water Transmission Pipeline Project. This settlement will allow acquisition of the property without further condemnation proceedings.

This acquisition is part of the right-of-way required to construct approximately 32 miles of pipeline from Lake Tawakoni to the Interim Balancing Reservoir located in Terrell, TX and then to the Eastside Water Treatment Plant located in Sunnyvale, TX. The new raw water pipeline will augment the existing 72-inch and 84-inch pipelines. The construction of this pipeline will give Dallas Water Utilities the ability to utilize the full capacity of both the Lake Tawakoni and the Lake Fork raw water supply to meet future water demands.
