

Legislation Text

File #: 24-348, Version: 1

STRATEGIC PRIORITY: Government Performance & Financial Management
AGENDA DATE: February 14, 2024
COUNCIL DISTRICT(S): All
DEPARTMENT: Office of Procurement Services
EXECUTIVE: Jack Ireland

SUBJECT

Authorize a three-year service price agreement for citywide plumbing services for the Building Services Department - A Star Heat and Air, Inc, most advantageous proposer of four - Estimated amount of \$9,974,836.75 - Financing: Capital Construction Fund (subject to annual appropriations)

BACKGROUND

This action does not encumber funds; the purpose of a service price agreement is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This service price agreement will provide for citywide plumbing services for the Building Services Department. The Building Services Department processes approximately 3,500 plumbing-related service requests each year. This service agreement will provide plumbing services at City facilities to supplement City staff on projects that require specialized services, additional labor, and after hour services. It will also provide specialized equipment such as plumbing line sewer cameras for the inspection of pipes, hydro jet machinery for high pressure pipe cleaning, and vacuum trucks.

Examples of services available through this agreement are clearing clogged drains, detect and repair leaks, replace toilets, sinks, tubs, or pipes. It will also cover services such as cleaning sewer lines, installing water heaters, and inspecting and testing gas lines. Services will be performed at City facilities such as: stations, police stations, recreation centers, libraries, arts and cultural facilities, City Hall, and administrative facilities.

A four-member committee from the following departments reviewed and evaluated the qualifications:

- Building Services Department (1)
- Department of Aviation (1)

- Water Utilities Department (1)
- Office of Procurement Services (1)*

*The Office of Procurement Services evaluated cost and local preference, if applicable.

The committee selected the successful respondent on the basis of demonstrated competence and qualifications under the following criteria:

- Experience 25 points
- Qualifications 25 points
- Cost 25 points
- Proposed work plan 20 points
- Local Preference 5 points

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors.

On November 10, 2015, the City Council authorized a living wage policy that requires contractors to pay their employees a “living wage” rate as established annually by the Massachusetts Institute of Technology Living Wage Calculator for Dallas County by Resolution No. 15-2141. The calculated living wage during the solicitation process of this contract is \$17.82; the selected vendor meets this requirement.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)

On February 26, 2020, the City Council authorized a one-year cooperative purchasing agreement for plumbing services at City facilities with The Brandt Companies, LLC through the Texas Association of School Boards cooperative agreement by Resolution No. 20-0360.
