SUBJECT

Authorize a one-year agreement for excess workers' compensation insurance through an Interlocal Agreement with the Texas Municipal League Intergovernmental Risk Pool, and subject to approval by the Executive Board of Texas Municipal League Intergovernmental Risk Pool effective February 1, 2020 through January 31, 2021 - Not to exceed \$800,000 - Financing: Workers' Compensation Fund

BACKGROUND

This agreement will provide for one-year of excess workers' compensation insurance.

Excess workers' compensation insurance limits the City's financial exposure on employee injury claims. This insurance provides coverage for catastrophic employee injury claims that exceed an established threshold. The City purchases excess workers' compensation insurance for compensable claims that exceed an established threshold. The policy will provide benefits such as disability, death, medical, etc. to employees that have suffered an injury or illness during the course

and scope of their job.

It is recommended the City enter into an Interlocal Agreement with Texas Municipal League Intergovernmental Risk Pool (TMLIRP) for excess workers' compensation coverage to be effective February 1, 2020 thru January 31, 2021, subject to the approval by the Executive Board of TMLIRP. The City will pay the first \$2.5 million for each injury.

TMLIRP is a government agency offering excess workers' compensation coverage to political subdivisions in accordance with the Texas Workers' Compensation Act. TMLIRP provides coverage to other political subdivisions such as cities, municipal utility districts, transit authorities, and public utility boards.

The Interlocal Agreement with TMLIRP is authorized by Chapter 791 of the Texas Government Code and Subchapter F, Chapter 271, Texas Local Government Code. Section 271.102 of the Texas Local Government Code authorizes a local government to participate in a Cooperative Purchasing Program with another local government or a local cooperative organization.
