SUBJECT

Authorize a three-year service price agreement, with two one-year renewal options, for professional marketing services at Dallas Love Field for the Department of Aviation - Dickie & Associates, most advantageous proposer of eight - Estimated amount of \$411,000 - Financing: Aviation Fund

BACKGROUND

This action does not encumber funds; the purpose of a service price agreement is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This service price agreement will provide for a professional marketing firm to provide a comprehensive marketing strategy, marketing plan, and marketing consultation service for Dallas Love Field (DAL). Services are expected to include a combination of research, planning processes, and technical design using a task order format. The anticipated tasks will include the increased exposure of DAL's on-site parking garages and to differentiate them from alternatives to airport

parking. Currently, DAL manages its marketing solely through social media channels and signage within the airport. Since the repeal of the Wright Amendment in October 2014, DAL has seen exponential growth in terms of nonstop flights and passenger enplanements. However, despite that growth, the airport has not engaged in any direct marketing and advertising as do many of its peer airports. A dedicated marketing firm will help the Department of Aviation to better position itself to grow revenue and claim even more share in the busy Dallas travel market. Airport revenues have gone down as travel has slowed due to the COVID-19 pandemic. However, DAL is well positioned to regain its lost revenue due to a number of factors, including its geographic location, popularity, and hub status for Southwest Airlines. A marketing firm will make these revenue boosts even more possible.

A six-member committee from the following departments reviewed and evaluated the qualifications:

- Department of Aviation (2)
- Office of Communications, Outreach & Marketing (1)
- Park & Recreation Department (1)
- The Office of Economic Development Business Workforce and Inclusion Division (1)*
- Office of Procurement Service (1)*

*The Office of Procurement Services only evaluated cost and the Office of Economic Development Business Workforce and Inclusion Division only evaluated the Business Inclusion and Development Policy.

The committee selected the successful respondent on the basis of demonstrated competence and qualifications under the following criteria:

- Experience and qualifications 20 points
- Pricing considerations 30 points
- Staffing plan/production capacity 15 points
- Technical capabilities 20 points
- Business Inclusion and Development Policy 15 points

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors. Additionally, in an effort to secure more competition, the Office of Economic Development Business Workforce and Inclusion Division sent notifications to chambers of commerce and advocacy groups to ensure maximum vendor outreach.

On November 10, 2015, the City Council authorized a living wage policy that requires contractors to pay their employees a “living wage” rate as established annually by the Massachusetts Institute of Technology Living Wage Calculator for Dallas County by Resolution No. 15-2141. The current calculated living wage during the solicitation process of this contract is \$11.71; the selected vendor meets this requirement.
