## <u>SUBJECT</u>

#### BACKGROUND

This action will authorize a construction services contract with Jeske Construction Company for the construction of two target neighborhood improvement projects as Street Group 12-462.

The project scope will include replacing the existing unimproved street pavement that is in deteriorating condition with new 6" reinforced concrete pavement, storm drainage, and water and wastewater main improvements.

Jeske Construction Company is a Dallas-based corporation, operating within the corporate city limits of Dallas, Texas.

Following are the locations and construction costs for each project:

Project	Council District	<u>Amount</u>
Yancy Street from Carbondale Street to Saipan Street	7	\$1,331,239.00
Gooch Street from South Lancaster Ro to Tracy Road	bad 8	\$2,766,592.00

The following chart illustrates Jeske Construction Company's contractual activities with the City of Dallas for the past three years:
