STRATEGIC PRIORITY: Government Performance and Financial Management

AGENDA DATE: June 23, 2021

COUNCIL DISTRICT(S): All

DEPARTMENT: Department of Equipment and Fleet Management

EXECUTIVE: Elizabeth Reich

SUBJECT

Authorize the (1) acceptance of a grant from the Texas Commission on Environmental Quality (TCEQ) through the Alternative Fueling Facilities Program (AFFP) (Contract No. 582-21-22682-AF) to construct a compressed natural gas (CNG) facility at 9811 Harry Hines Boulevard to allow fast fill CNG fueling for City vehicles and equipment in the amount of \$400,000.00 for the period June 23, 2021 through April 30, 2023; (2) receipt and deposit of grant funds in an amount not to exceed \$400,000.00 in the CNG AFFP Program Fund; (3) establishment of appropriations in an amount not to exceed \$400,000.00 in the CNG AFFP Program Fund (4) execution of the grant agreement and all terms, conditions, and documents required by the grant agreement - Not to exceed \$400,000.00 - Financing: Texas Commission on Environmental Quality Grant Funds

BACKGROUND

The Department of Equipment and Fleet Management applied for funding from the TCEQ Alternative Fueling Facilities Program. The City owns and operates an existing fast fill CNG facility at the southeast service center and utilizes retail CNG fueling stations operated by Clean Energy to meet other site-specific fueling needs within the City of Dallas.

This \$400,000.00 grant award will allow the City to construct a fast fill CNG facility within the Northwest Service Center at 9811 Harry Hines Boulevard. Currently, City vehicles and equipment fuel at a Clean Energy retail location which is not geographically efficient for operations in the northwest quadrant of the City. This project will save staff time previously lost to fueling and allow for resiliency in continuity of operations.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)
