BACKGROUND

The CHP has three main goals: (1) create and maintain available and affordable housing throughout Dallas; (2) promote greater fair housing choices; and (3) overcome patterns of segregation and concentrations of poverty through incentives and requirements.

HIPP is the Department of Housing and Neighborhood Revitalization's (Housing) main program to preserve affordable housing in the City of Dallas. This amendment clarifies program names and moves all four programs under the HIPP section.

The construction industry is experiencing construction material shortage that has led to significant price increases, which has impacted our ability to continue to serve homeowners who need home rehab assistance at current funding cap per house. The change to a percentage of Home Purchase Limits allows for greater cost per house if needed and adjusts annually based on new HUD data. This change would impact the Major, Reconstruction and Rental Programs.

The amendment to the Minor Home Rehabilitation Program allows for more subrecipients to administer the program and prioritize only minor rehab work under \$5,000.00. Subrecipients had difficulty matching under Housing's original program. Additionally, projects over \$5,000.00 require lead testing and repairs must then address the lead items before the minor home repair and this often costs more than the existing program limit of up to \$10,000.00 per property.

The existing Landlord Rental Repair Program will be renamed Rental Rehabilitation Program and changes the loan terms from a repayable loan to a forgivable loan that is consistent with the other HIPP programs. We have heard from interested landlords that these changes are positive and would allow them to rehab their units and rent to people with low-to moderate incomes. This program has a

lien and deed restriction to protect the City's interest for ten years and continue to serve families at or below 80% Area Median Income (AMI). These amendments were presented to the Housing Policy Task Force on June 17, 2021. Feedback was positive on the proposed amendments. Three nonprofits who expressed interest in being subrecipients for the Minor Home Rehabilitation Program in addition to the Senior Affairs Commission Housing Subcommittee have expressed support for the proposed amendments.
