STRATEGIC PRIORITY: Government Performance and Financial Management

AGENDA DATE: September 22, 2021

COUNCIL DISTRICT(S): All

DEPARTMENT: Office of Procurement Services

EXECUTIVE: Elizabeth Reich

SUBJECT

Authorize a two-year master agreement for the purchase of ductile iron pipe for the distribution of potable water for the Water Utilities Department - Core & Main, LP, only bidder - Estimated amount of \$388,454.98 - Financing: Water Utilities Fund

BACKGROUND

This action does not encumber funds; the purpose of a master agreement is to establish firm pricing for goods, for a specific term, which are ordered on an as needed basis according to annual budgetary appropriations. The estimated amount is intended as guidance rather than a cap on spending under the agreement, so that actual need combined with the amount budgeted will determine the amount spent under this agreement.

This master agreement will provide for the purchase of various sizes and class thicknesses of ductile iron pipe for the Water Utilities Department. The pipe will be used for the replacement and maintenance of existing pipe, as needed for the distribution of potable water throughout the city by Water Utilities Department. Ductile iron is gray cast iron that has been infused to make it stronger,

tougher, flexible, and corrosion resistant. Ductile iron is rugged and performs well in Texas soil against increased stresses caused by shifting soil seismic activity. Ductile iron pipe is used for new installations, and replacement of split or corroded pipes as needed. Dallas Water Utilities maintains approximately 5,000 miles of potable mains throughout the water distribution system.

In addition, 5,000 miles of water pipelines provides treated potable drinking water for fire suppression and consumption within the City of Dallas, 2 major airports and 23 other customer cities. The impact of delay or cancellation of this contract would jeopardize the ability to provide continuous fire protection and essential drinking water for City residents and surrounding customer cities

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS, COMMISSIONS)

On October 11, 2017, City Council authorized a three-year master agreement for the purchase of ductile iron pipe for the distribution of potable water with HD Supply Waterworks, LTD and Fortiline, Inc. by Resolution No. 17-1599.

FISCAL INFORMATION

Fund	FY 2021	FY 2022	Future Years
Water Utilities Fund	\$18,454.98	\$185,000.00	\$185,000.00
