AGENDA DATE: October 13, 2021

COUNCIL DISTRICT(S): All

DEPARTMENT: Department of Housing & Neighborhood Revitalization

EXECUTIVE: Dr. Eric A. Johnson

SUBJECT

Authorize an amendment to the City of Dallas Comprehensive Housing Policy, previously approved on May 9, 2018, by Resolution No. 18-0704, as amended, to amend the loan terms in the New Construction and Substantial Rehabilitation program to remove the requirement that the City may only subordinate its lien position to a private financial institution for a loan in a greater amount - Financing: No cost consideration to the City

BACKGROUND

The Comprehensive Housing Policy (CHP) has three main goals: (1) create and maintain available and affordable housing throughout Dallas; (2) promote greater fair housing choices; and (3) overcome patterns of segregation and concentrations of poverty through incentives and requirements.

The Department of Housing & Neighborhood Revitalization (Department) recommends changes to

the New Construction and Substantial Rehabilitation Program. The proposed changes are designed to improve the program's effectiveness and broaden the potential number of development partners that can participate in the program.

At present, the City's New Construction and Substantial Rehabilitation Program requires that the lien position of any City loan be no less than second, except upon approval of the appropriate City Department Director, subordinate only to a private financial institution's superior lien for a loan in a greater amount. The Department is recommending this requirement be removed in order to provide loans to smaller-scale and non-profit developers that may not be able to receive loans from private institutions in amounts greater than the City's subsidy yet still require a subordination of our soft loans.

A recent third-party underwrite of an application the Department received through its standing Notice of Funding Availability (NOFA) application process confirmed a financial gap for a 15-unit mixed-income, multigenerational development in West Dallas. This financial gap will require a City loan in an amount greater than what was available to the non-profit developer in the market. In order to make this loan, the City will need to subordinate its loan to the private financial institution. This will provide much needed affordable housing to the City, but also build capacity with one of our non-profit development partners.

All applications through the standing NOFA application would still require underwriting to confirm the financial gap. The change would only provide the ability to subordinate to private lending institution for a lesser amount in the event such a financial gap is identified. Staff recommend approval of this change.
