SUBJECT

Authorize a three-year service contract, with one two-year renewal option, for City paid long term disability benefits and administration of grandfathered life insurance policies - Standard Insurance Company, most advantageous proposer of two - Not to exceed \$8,626,122 - Financing: Employee Benefits Fund (subject to annual appropriations)

BACKGROUND

This action does not encumber funds; the purpose of a service contract is to establish firm pricing for services, for a specific term, which are ordered on an as needed basis.

This third-party administrator contract will provide City-Paid Long-Term Disability (LTD) for full-time employees working 40 hours a week and with one-year or more of service. This benefit will pay 60 percent of income replacement after 90-days of the employee becoming disabled, terminally ill and being unable to work. LTD is typically a basic component to any health benefits program but will be a new benefit to City employees. Implementation of this program will also help the City replace the outdated Catastrophic Leave Program by 2023.

The awarded vendor will also provide administration services to support approximately 2,500 grandfathered self-funded life policies with an average policy amount of \$2,500. The awarded vendor is including the provision of this service with the City-Paid LTD benefits.

A six-member committee from the following departments reviewed and evaluated the qualifications:

- City Controller's Office (1)
- Department of Human Resources (2)
- Department of Transportation (1)
- Office of Community Care (1)
- Office of Procurement Services (1)*

*The Office of Procurement Services only evaluated the cost and local preference, if applicable.

The committee selected the successful respondent on the basis of demonstrated competence and qualifications under the following criteria:

- Cost 35 points
- Overall approach and methodology 30 points
- Capability and expertise 30 points
- Local Preference 5 points

As part of the solicitation process and in an effort to increase competition, the Office of Procurement Services used its procurement system to send out email notifications to vendors registered under relevant commodity codes. To further increase competition, the Office of Procurement Services uses historical solicitation information, the Internet, and vendor contact information obtained from user departments to contact additional vendors. Additionally, in an effort to secure more competition, the Office of Business Diversity sent notifications to chambers of commerce and advocacy groups to ensure maximum vendor outreach.

On November 10, 2015, the City Council authorized a living wage policy that requires contractors to pay their employees a "living wage" rate as established annually by the Massachusetts Institute of Technology Living Wage Calculator for Dallas County by Resolution No. 15-2141. The current calculated living wage during the solicitation process of this contract is \$12.38; the selected vendor meets this requirement.
