### SUBJECT

Authorize a construction services contract to provide construction services for the Elevator Upgrades Phase II Project at the Dallas Airport System with K & M Elevator, LLC, lowest responsible bidder of five - Not to exceed \$1,215,000.00 - Financing: Aviation Fund

### BACKGROUND

Dallas Airport System initiated an analysis of existing elevators in January 2020 to identify and prioritize repairs and/or rebuilds to maintain safety and extend useful life of the elevators. Thirty-two elevators with original installation dates from 1997 through 2018, were analyzed. The analysis was completed in June 2020, identified all ten existing elevators in Garages A and B at Dallas Love Field (DAL); elevators 13 and 14 in DAL terminal building; and two elevators in outlying buildings as units requiring upgrades and modernization.

In September 2021, a construction services contract was awarded to Elevator Repair Service, Inc. for the complete modernization and upgrade of four elevators in Garage A and two elevators in the airport terminal at DAL Airport.

The current contract will authorize a construction services contract with K & M Elevator, LLC for the following construction services:

- Complete modernization and upgrade of six elevators located in Garage B at DAL Airport including complete replacement of existing group supervisory system, control system, pump unit, hydraulic jack unit, door operators, car and corridor fixtures, communication systems; and employ the latest solid-state microprocessor technology available.
